5 Description of proposed works

(For detailed information see attached)

Proposed work -

Potential need to replace fixings for netting on wall head used to prevent movement.

mortar analysis

stabilising of loose stones and mortar on wallheads,

raking out of OPC pointing to staircase and repointing,

consolidation of loose stonework and wall core in various places,

refixing of wallhead slates (method to be detailed),

general raking out and repointing of cracks and joints.

All work to wallheads currently provisional until access can be made with free standing scaffolding. We would provide an updated scheme of works to take into account the findings from this and await approval before any work were to commence.

A schedule of works organised by the contractor will be provided to Historic Environment Scotland two weeks before work is due to commence and a photographic record of works will be undertaken throughout.
