

NOTES

- Door
- New door to be Douglas fir boards and stiles, to match existing (app. 45mm thick overall, using 22mm vertical and horizontal boards).Boards to be feather tongued and grooved and nailed together in diamond pattern with wrought iron hand made nails as shown.
 - Existing timber frame to be repaired to match existing.
- Ironmongery
- Existing NLB hinges to be refurbished and reused.
 - All screws to be slot-head type only.

Paint
All to be painted green to match NLB joinery using suitable exterior grade timber paint.

All missing or corroded ironmongery is to be renewed to match existing using high-quality solid brass fittings.
