

**Ancient Monuments and Archaeological Areas Act 1979
Scheduled Monument Consent Decision Notice**

Case ID	201601689	Index No	M7333
Scheduled Monument	Ellon Castle and garden		
Location/Address	Gordon, Aberdeenshire		
Proposed Works	Installation of a low voltage electricity supply cable under the garden wall and the erection of a new post-mounted meter box		

Historic Environment Scotland hereby **grants** scheduled monument consent for the works detailed below, subject to the attached condition.

Consented Works:

- Installation of a low voltage electricity supply cable under the garden wall and the erection of a new post-mounted meter box.

as described in your application dated 30 June and the following supporting documents:

- Electricity supply cable plan

Condition referred to above

1. No work associated with the installation of a low voltage electricity supply cable under the garden wall and the erection of a new post-mounted meter box shall take place until Historic Environment Scotland has approved in writing a method statement detailing: 1) how the trench will be dug and the cable installed, and; 2) how the post for the meter will be installed.

Reason: to ensure that historic fabric is adequately protected during the course of works.

Reasons for the Decision:

Subject to compliance with the schedule of conditions, the works proposed are considered acceptable in meeting the terms of national policy for scheduled monuments, and also accounting for other material considerations.
