

## AMENDED ENTRY

575

### The Ancient Monuments and Archaeological Areas Act 1979

#### Amended entry in the schedule of monuments

Historic Environment Scotland in exercise of the powers conferred on it by section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979 hereby amends the entry in the statutory schedule of monuments as set out below.

The monument known as **Rhianrivach, broch 185m NNW of Achow** comprises a broch, a complex stone-built substantial roundhouse, dating to the Iron Age (between 600BC and 400AD). The broch is visible as a substantial grass covered stoney mound with an associated bank and ditch. It is located on a slight hillock, southeast of Rumster Forest at around 110m above sea level.

The scheduled area is irregular on plan and includes the remains described above and an area around them within which evidence relating to the monument's construction, use and abandonment is expected to survive.

The monument, which lies in the Parish of Latheron and the County of Caithness as shown in red on the plan annexed and executed as relative hereto.

This entry supersedes the Entry in the Schedule of Monuments for the monument known then as **the Broch North by East of Rhianrivach** as referred to in the Certificate of Service of Notice by the Commissioners of His Majesty's Works and Public Buildings in respect of the monument dated 12 June 1939 and recorded in the General Register of Sasines for the County of Caithness on 14 July 1939.
