POND

Services shown on the plan are indicative only. Exact locations to be agreed on site.

Antonine Wall
Scheduled Area (75m wide) to be marked out on site in conjunction with Histroic Scotland at start of works and remain undisturbed (see Specification and Method Statement)

Mill Lades
Historic feature to remain undisturbed. Exact location to be indicated to contractor at start of works.

Paths, Roads, Access Points and Car Park
Vehicle access to be retained along road at all times. Pedestrian access along paths to be retained with onl current working sections closed off. Signage and hazard taping over relevant closed sections for safety during local operations.

NB The memorial bench is to be located on the Antonine Wall World Heritage site therefore all works must be in accordance with Historic Scotland's requirements and the Scheduled Monument Consent
