Index no	6689	Name	Forth & Clyde Canal, Port Dundas Canal Basin
Local Authority	Glasgow City Council	Grid Ref	NS5966NW NS5966N
Description of location of land	Canal Basin and associated hard standing		

3 Pre-application discussions

Have you undertaken pre-application discussions with Historic Environment Scotland? (If yes, please give details below)	Y ☒ N ☐
I have previously engaged and submitted a preapplication to John Malcolm of HS. A response was received on the 2 nd of Oct and all further requirements have been updated and are included with this application.	

4 Summary of proposed works (max 20 words)

Site clearance and site geological investigation
--

5 Description of proposed works

Site clearance of scrub, removal of saplings and above ground vegetation in advance of a geological ground investigation which will require a number of Rotary Boreholes up to 30m in depth and near surface trail pits up to 5m in depth. This geological investigation will be carried out following site clearance and is required to ascertain typical ground conditions and is also relevant to the existing below ground Scheduled Monument
--

infrastructure, below ground utilities, water level and foundations relating to a previous cooling tower on this site.

Please refer to our proposed methodology for the types and location of boreholes, cores, pits and trenches.

Areas 1, 2 and 3 identified on the topographical survey will also be spread and levelled as part of the site clearance works.

An Archaeologist will be in attendance to observe and record findings in line with our agreed Archaeological observation and mitigation methods with Historic Environment Scotland.

6 List of plans, drawings and other documents accompanying application (continue on separate sheet if necessary)
