e-Application for Scheduled Monument Clearance

Ancient Monuments and Archaeological Areas Act 1979

This application form is for scheduled monument clearance. You should only complete this form if you are a Crown body (a government department or agency). If you are not, you should complete a scheduled monument consent application form.

It is important that you read the accompanying guidance notes as incorrect completion will delay the processing of your application. You can complete and submit this form by email (hs.smc@scotland.gsi.gov.uk) or by post to Heritage Management Business Support, Historic Environment Scotland, Longmore House, Salisbury Place, Edinburgh, EH9 1SH.

1 Applicant name and address

Title	Mr	**First Name**	James	**Surname**	Robins
Company / Organisation	Forestry Commission Scotland				
Building No / Name	Dumfries & Borders Forest District				
Street	Ae Village				
Town / City	Dumfries				
County / Region	Dumfries & Galloway				
Postcode	DG1 1QB				

2 Monument to which application applies

Index no	SM12767	**Name**	Whiteyett Earthworks
Local Authority	Dumfries and Galloway	**Grid Ref**	NY 249 936
Description of location of land	On east side of Slippery Knowe		

3 Pre-application discussions

Have you undertaken pre-application discussions with Historic Environment Scotland? (If yes, please give details below)	**Y** ☒ **N** ☐

Proposed works are in vicinity of SAM site that is the subject of this application and also index no. SM4458 (Deil's Jingle). We consulted with HS via email and were informed that there were no issues with the latter as the scheduled area does not conflict with our planned works but that the work on the west side of the site would require SMC as there is a small overlap with the scheduled area of the Whiteyett Earthworks feature.

4 Summary of proposed works (max 20 words)

We intend to sell a parcel of standing timber to James Jones & Sons Ltd. who will then proceed to fell and extract the timber to the forest road.

5 Description of proposed works

Historic Environment Scotland - Scottish Charity No. SC045925
Registered Address: Longmore House, Salisbury Place, Edinburgh, EH9 1SH

Machinery will be used to fell and process the trees on the site and then to extract the timber to roadside. In the area where the conflict with the SAM site exists we propose to tape off the boundary of the scheduled area and designate this an excluded area for machinery. The trees in this area will be hand felled outwards so that the machines can remove and process them without breaching the taped line. If it is not possible to fell the trees outwith the scheduled area they will be felled as far as possible and then winched out by a machine sat on the main site outside the taped line. The area of conflict/overlap is only approximately 10 metres wide and so this is unlikely to occur as the trees are large enough to be able to be felled out to machinery sitting outwith the SAM. Efforts will be made to limit the amount of debris left within the scheduled area.

6 List of plans, drawings and other documents accompanying application (continue on separate sheet if necessary)

No	Description	Reference	Document emailed	Document posted
1.	Map showing area to be felled and conflict with SAM site to west.	Map 1	☒	☐
2.			☐	☐
3.			☐	☐
4.			☐	☐
5.			☐	☐

7 Other information relevant to application

The person responsible for managing the work on the site will be Kenny Dobie of James Jones and Sons Ltd. He and his contractors will be briefed on the outcome of this application as to requirements etc. at the pre-commencement meeting for the site before it begins.

Timing of the work is constrained by the presence of an overhead power line through the centre of the crop, this means that the work schedule will likely be decided by the ability of Scottish Power to provide the necessary shutdown period for safe working. If desired I am more than happy for a representative of HS to attend this meeting also.

8 Declaration

☒ I hereby apply for scheduled monument clearance for the works described in this application and shown on the accompanying plans and drawings.
☒ I confirm that the information I have given on this form is true and accurate.
