Ancient Monuments and Archaeological Areas Act 1979 Scheduled Monument Consent Decision Notice

Case ID	201505658	Index No	M90309
Scheduled Monument	Urquhart Castle		
Location/Address	Inverness, Highland		
Proposed Works	Replacement of modern corroded steel beams and High Level Masonry Consolidation - Grant Tower		

Historic Environment Scotland hereby **grants** scheduled monument consent for the works detailed below, subject to the attached conditions.

Consented Works:

- a) Works to the west elevation of the Grant Tower to include the replacement of modern corroded steel beams, and the consolidation of masonry

as described in your application dated 03 December 2015 and the following supporting documents:

- 1) Works location and scheduled area
- 2) Methodology and specification
- 3) Preliminary roost assessment survey report

Conditions referred to above

1. Two weeks after completion of the works on site, the applicant will provide photographs of the work area, before, during and after the works, to Historic Environment Scotland (Heritage Management Directorate).

Reason: to ensure that an accurate record of works to the monument is maintained.

Reasons for the Decision:

Subject to compliance with the schedule of conditions, the works proposed are considered acceptable in meeting the terms of national policy for scheduled monuments, and also accounting for other material considerations.
