Scheduled Monument	Castledykes, Roman camps to W, N & E of Roman fort		
Location/Address	Clydesdale, South Lanarkshire		
Proposed Works	Erection of agricultural shed, formation of associated vehicular access track and hardstanding area		

Historic Environment Scotland hereby **grants** scheduled monument consent for the works detailed below, subject to the attached conditions.

Consented Works:

- a) Formation of vehicular access track and hard standing area; spreading of a small mound of soil located on the south boundary

as described in your application dated 18 November 2015 and the following supporting documents:

- 1) Proposed agricultural building, Drawing 1
- 2) Site plan, Drawing 2

Conditions referred to above

1. Work shall not start on site until a method statement for excavation and laying of hardcore has been submitted to and approved in writing by Historic Environment Scotland. Any subsequent changes to the works detailed within the method statement must also be approved in writing by Historic Environment Scotland.

Reason: to ensure that the monument is not damaged by works or materials required to form the access track and hardstanding area.

2. Work shall not start on site until the applicant has commissioned a programme of archaeological monitoring in accordance with a written scheme of investigation approved by Historic Environment Scotland. This scheme shall be fully implemented during all excavation works.

Reason: to ensure that archaeological information relating to the affected areas of the monument is recovered and recorded to a satisfactory standard.

Historic Environment Scotland Àrainneachd Eachdraidheil Alba

Reasons for the Decision:

Subject to compliance with the schedule of conditions, the works proposed are considered acceptable in meeting the terms of national policy for scheduled monuments, and also accounting for other material considerations.
