Ancient Monuments and Archaeological Areas Act 1979 Scheduled Monument Consent Decision Notice

| | | | |
|---------------------------|--|-----------------|--------------|
| Case ID | 201506413 | Index No | M6183 |
| Scheduled Monument | Turnberry Castle | | |
| Location/Address | Kyle and Carrick, South Ayrshire | | |
| Proposed Works | Formation of new bunker in modern made ground - 9th Green | | |

Historic Environment Scotland hereby **grants** scheduled monument consent for the works detailed below, subject to the attached conditions.

Consented Works:

- a) To create two new bunkers on the west side of the 9th Green. Only the northern part of one of the bunkers extends into the scheduled area.

as described in your application dated 6 January and the following supporting documents:

- 1) Method Statement for the Proposed 9th Bunker Construction on the Ailsa Course at Turnberry January 2016
- 2) New 9th Bunkers – Proposals Plan
- 3) New 9th Bunkers – Section Plan

Conditions referred to above

1. A geotextile separating layer should be placed at the base of the excavated bunker prior to the deposition of bunker sand.

Reason: to provide an identifiable marker between new and existing deposits in order reduce the risk of any future works associated with the proposed bunker extending below the level of the former ground surface and having an impact on sub-surface remains within the scheduled monument.

2. All future management of the bunker will be subject to the specifications of the *Turnberry Castle and Lighthouse Archaeological Management Plan, July 2015*, submitted by Peter Drummond to Historic Scotland on 24 August 2015, as amended by the revised plans/drawings, submitted by Peter Drummond to Historic Scotland on 11 September 2015.

Reason: to ensure that any management and future works are carried out in such a way as any impacts on sub-surface archaeological deposits are minimised.

Historic Environment Scotland Àrainneachd Eachdraidheil Alba

Reasons for the Decision:

Subject to compliance with the schedule of conditions, the works proposed are considered acceptable in meeting the terms of national policy for scheduled monuments, and also accounting for other material considerations.
