4 Summary of proposed works (max 20 words)

Harvesting of conifers within Scheduled area.

5 Description of proposed works

Between April 2016 & March 2017, to fell & extract approximately 0.25ha of conifers on the periphery of the scheduled area as part of a 44ha clearfell area. The preferred method of working is as follows: felling will be carried out by a harvester & extraction by a forwarder; both machines will be travelling & working within the scheduled area on a mat of brash (ie tops & branches of the trees). An alternative

Historic Environment Scotland - Scottish Charity No. SC045925
Registered Address: Longmore House, Salisbury Place, Edinburgh, EH9 1SH

would be to hand-fell the trees & drag them out. However. the strip of trees is 25m deep & the trees are 15m tall so it would be difficult & time-consuming to do so.
After harvesting, this area will not be replanted.
