AMENDED ENTRY

9524

The Ancient Monuments and Archaeological Areas Act 1979

Amended entry in the schedule of monuments

Historic Environment Scotland in exercise of the powers conferred on it by section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979 hereby amends the entry in the statutory schedule of monuments as set out below.

The monument known as **Mill-Lands of Dalcapon, enclosure 290m SSE of** comprises the remains of a circular enclosure, interpreted as a henge; a ritual and ceremonial site likely to date to the Neolithic period (sometime between 3800 BC to 2500 BC). The monument survives as buried archaeological features which are visible on oblique aerial photographs. The monument is located on fairly flat, low-lying arable land to the west of the River Tummel, at 90m above sea level.

The scheduled area is circular on plan, 50m in diameter, to include the remains described above and an area around them within which evidence relating to the monument's construction, use and abandonment is expected to survive.

The monument, which lies in the Parish of Logierait and the County of Perth as shown in red on the plan annexed and executed as relative hereto [redacted]

This entry supersedes the Entry in the Schedule of Monuments for the monument known then as **Mill-Lands of Dalcapon, enclosure 360m SSE of** as referred to in the Entry in the Schedule of Monuments by the Scottish Ministers in respect of the monument dated 16 February 2001 and recorded in the General Register of Sasines for the County of Perth on 10 July 2001.

Subscribed by Allan Rutherford, Deputy Head of Designations (Scheduling) with Historic Environment Scotland, at Edinburgh on the 2nd day of March Two thousand and Sixteen, before this witness Edwin Smith, of Longmore House, Salisbury Place, Edinburgh.
