|---------------------------------|---------------------------------|------------------------------------|-----|
| Case ID | 300017753 | | |
| File Reference | AMH/630 /16 | | |
| Name of Site | Tullibody,old bridge 1600m W of | | |
| Local Authority | Clackmannanshire | | |
| National Grid Reference | NS 84600, 95100 | | |
| Designation No. (if any) | SM630 | | |
| Designation Type | Scheduled Monument | Current Category of Listing | N/A |
| Case Type | Removal | | |
| Received/Start Date | Project started in 2014 | | |
| Decision Date | 23/03/2016 | | |

1. Decision

Remove: Remove monument from the Schedule.

2. Designation Background and Development Proposals

2.1 Designation Background

Tullibody,old bridge 1600m W of is scheduled monument SM630. The current entry in the Schedule is dated 10/03/1933.

Tullibody Old Bridge over River Devon, Bridgend is also a category A listed building (LB1977) and was listed on 09/06/1960. It is in Alloa Parish which has not been resurveyed.

2.2 Development Proposals

Not checked as part of this project.

3. Assessment

3.1 Assessment information

The monument was considered for removal as part of the Dual Designation project. This is a nationwide project to review structures which are both listed as buildings of

special architectural or historic interest and scheduled as monuments of national importance. Where appropriate the 'dual designation' of structures is being removed and they are being listed or scheduled depending on their individual circumstances. Removing dual designations will help to provide clarity for the future management of sites.

The site was not visited and the present assessment is desk-based, using available information and has included reference to recent photographs.

The bridge remains in pedestrian use, therefore listing is the more appropriate designation.

3.2 Assessment against designation criteria

An assessment against the Scheduling criteria was not carried out as the importance of the structure will continue to be recognised through its designation as a listed building.

The designation criteria are found in the Scottish Historic Environment Policy (SHEP), pp. 71-85. <http://www.historic-scotland.gov.uk/shep-dec2011.pdf>

3.3 Other considerations

As part of the Dual Designation project, we have reviewed the structures at this site and concluded that listing is the most appropriate mechanism to secure the protection of this structure as a building of national importance.
