Ancient Monuments and Archaeological Areas Act 1979 Scheduled Monument Consent Decision Notice

Case ID	201507261	Index No	M108
Scheduled Monument	Kingswells, consumption dykes 415m N and 685m NNE of Home Farm		
Location/Address	City of Aberdeen		
Proposed Works	Removal of vegetation and consolidation of masonry		

Historic Environment Scotland hereby **grants** scheduled monument consent for the works detailed below, subject to the attached condition.

Consented Works:

- a) Removal of vegetation and consolidation of masonry

as described in your application dated 17 February and the following supporting documents:

- 1) Dyker's short method statement – ACC001
- 2) Quotation – ACC002
- 3) Aerial photo of land to which the area of land relates – ACC003
- 4) Annotated photos showing condition of dyke – ACC004
- 5) Dyker's standard method statement and risk assessment for drystone walling – ACC005

Condition referred to above

1. A series of annotated photographic records taken before, during, and after the works to show general views of the masonry consolidation and vegetation removal should be submitted to Historic Environment Scotland within 4 weeks of completing the works on site.

Reason: to provide an accurate record of the site before, during, and after the various works have been completed.

Reasons for the Decision:

Subject to compliance with the schedule of conditions, the works proposed are considered acceptable in meeting the terms of national policy for scheduled monuments, and also accounting for other material considerations.
