| **Case ID** | **201600270** | **Index No** | **M90334** |

| | |
|---|---|
| **Scheduled Monument** | **Bearsden Station,Roman bath-house 400m NE of** |
| **Location/Address** | **Bearsden and Milngavie, East Dunbartonshire** |
| **Proposed Works** | **Installation of new replacement interpretation signage** |

Historic Environment Scotland hereby **grants** scheduled monument consent for the works detailed below, subject to the attached condition.

**Consented Works:**

a) Removal of existing pole and concrete pad for WHS sign.
b) Replacement of two exterior entrance signs on wall either side of gate.
c) Replacement of signage on existing cairn plinth.
d) Installation of a new interpretation board and lectern.

as described in your application dated 13 April and the following supporting documents:

1) Drawing (A3): Antonine Wall, Bearsden, New Interpretation Installation – Location Plan & Details: 90334-150803-001
2) Bearsden Interpretation Plan (Prepared by HES Interpretation Team) – Doc 2
3) Bearsden SMC Plan.docx (Prepared by HES Interpretation Team) – Doc 3
4) Plan showing record of areas archeologically excavated in 1970's – 3.2.1 jpg

**Condition referred to above**

1. No works shall take place on site until a Written Scheme of Investigation (WSI), developed by a suitably qualified archaeologist/archaeological company, who will undertake the works, has been submitted and agreed in writing by Historic Environment Scotland's Heritage Management Directorate. The WSI should contain details of how the works for the removal of the existing pole and the installation of the new board and lectern will be monitored, recorded and reported on. Provision should be made for preserving any unexpected archaeological deposits in situ.

*Reason: to ensure that any impacts on underlying deposits are minimised and any deposits are adequately monitored and the works carried out to current best practice.*

# Historic Environment Scotland
# Àrainneachd Eachdraidheil Alba

**Reasons for the Decision:**

Subject to compliance with the schedule of conditions, the works proposed are considered acceptable in meeting the terms of national policy for scheduled monuments, and also accounting for other material considerations.
