

## AMENDED ENTRY

3612

### The Ancient Monuments and Archaeological Areas Act 1979

#### Amended entry in the schedule of monuments

Historic Environment Scotland in exercise of the powers conferred on it by section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979 hereby amends the entry in the statutory schedule of monuments as set out below.

The monument known as **Catherine Lodge, Roman settlement & field system 205m NNW to 585m SE** of comprises the buried remains, identified through aerial photography and excavation, of a Roman settlement including the remains of a possible Mithraeum, a temple dedicated to the Roman god Mithras, together with associated field systems. It forms an element of a much larger complex of remains focused around the mid-2nd century AD Roman fort and associated civilian settlement.

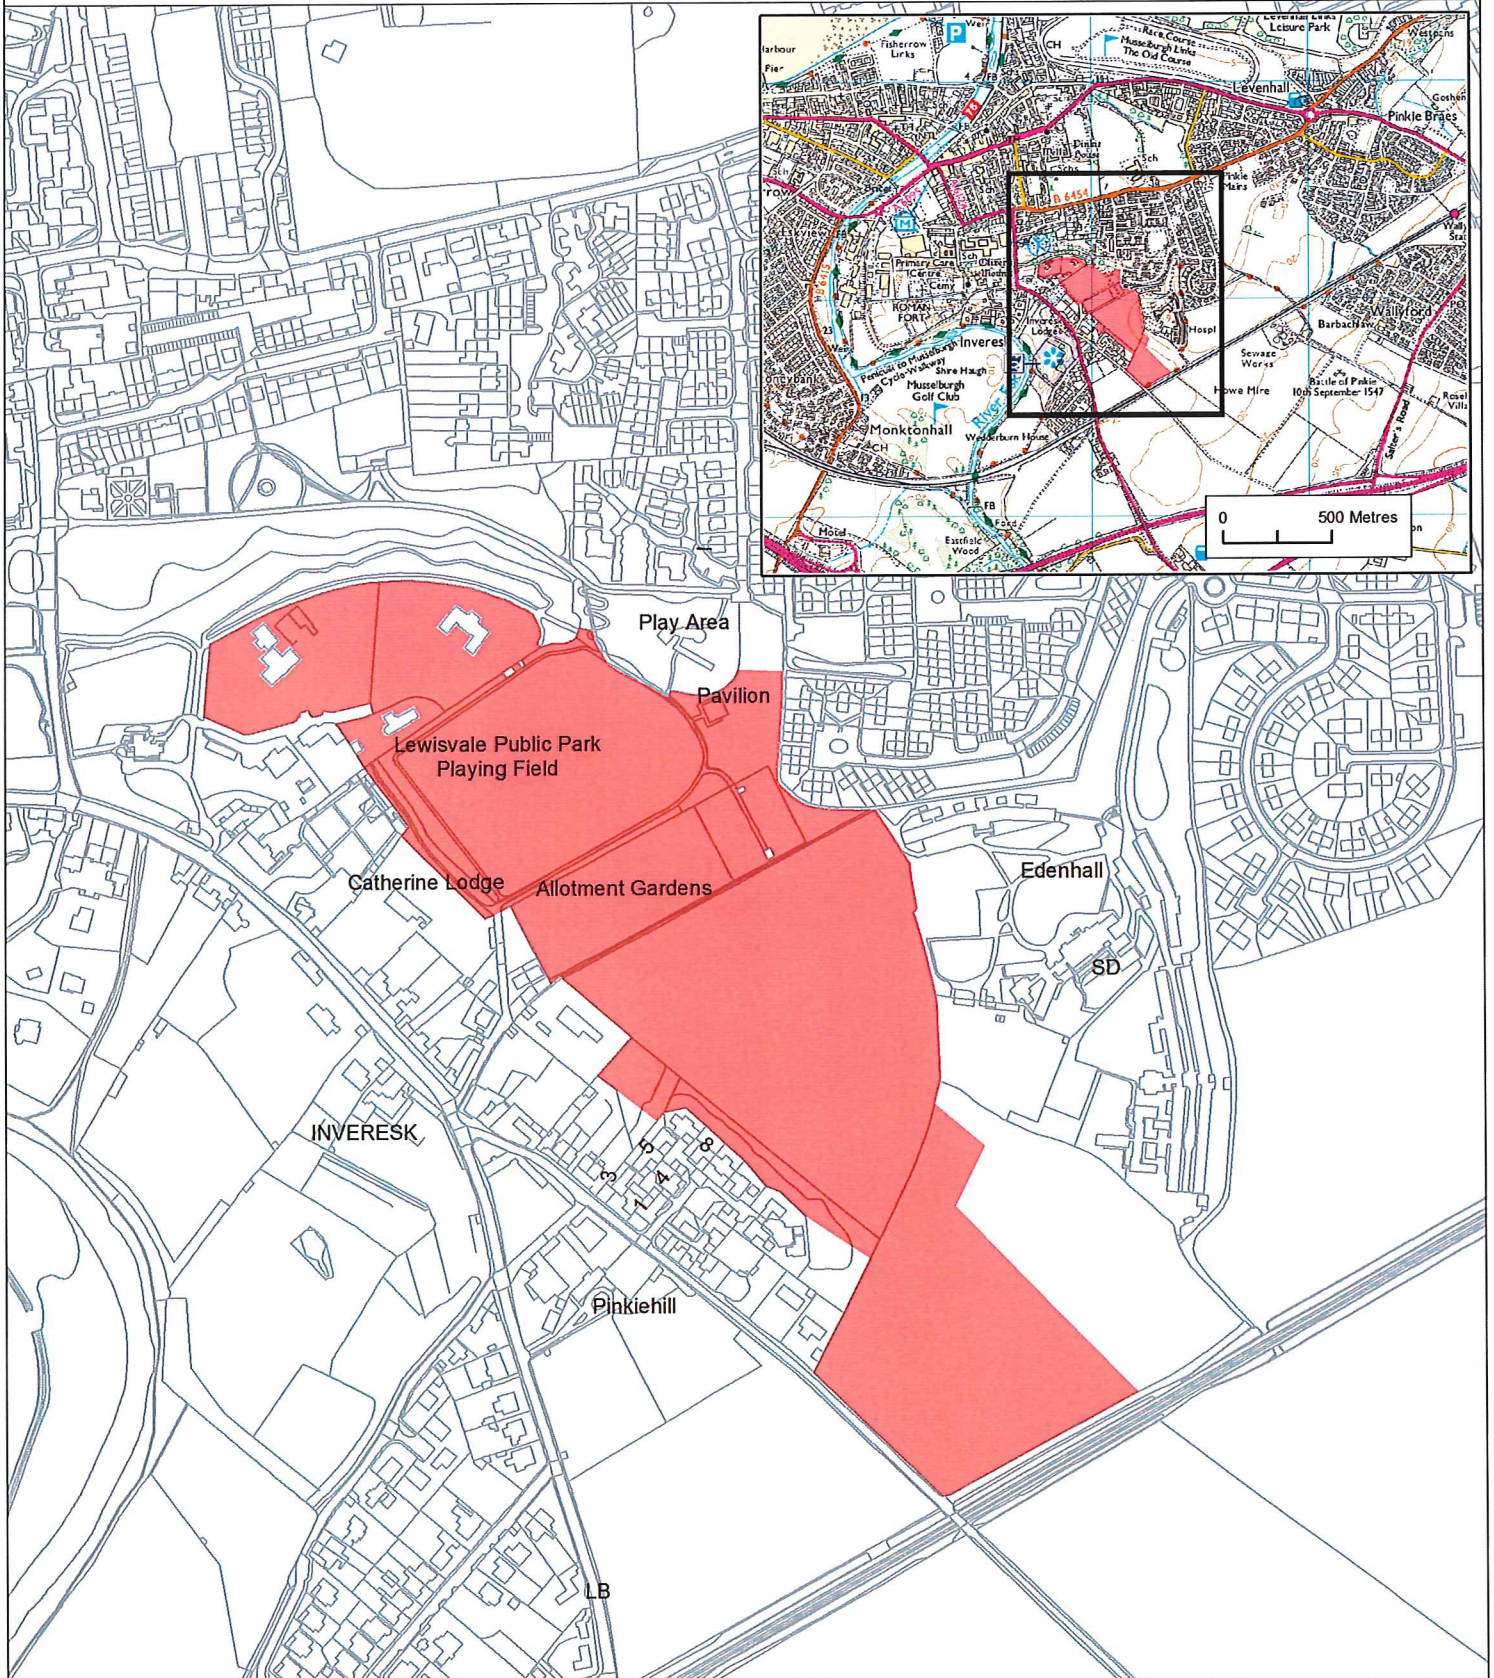

The scheduled area is irregular on plan, to include the remains described and an area around them within which related material may be expected to be found. The scheduling specifically excludes the above-ground elements of the cricket pavilion, all fences, stone and brick walls and domestic gas tanks to allow for their maintenance. The upper 300mm of all paths, tennis courts, paved areas and driveways are similarly excluded to allow for maintenance.

The monument, which lies in the Parish of Inveresk and the County of Midlothian as shown in red on the plan annexed and executed as relative hereto.

This entry supersedes the Entries in the Schedule of Monuments for the monument known then as **Roman Works and Field System, Inveresk** as referred to in the Certificates of Service of Notice by the Secretary of State for Scotland in respect of the monument dated 10 February 1975 and recorded in the General Register of Sasines for the County of Midlothian on 1 May 1975.

Dated: 15 / 6 / 16

This is the plan referred to in the entry in the Schedule affecting:  
 Catherine Lodge, Roman settlement & field system 205m NNW to 585m SE of
