THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 686
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Coats Hill, motte 480m NE of St Margaret's comprises the remains associated with an Anglo-Norman timber castle likely to date to the 12th century AD. It is visible as a substantial mound with associated earthworks, probably built on a natural rise. It stands in a prominent position, in pasture, at around 170m above sea level on the spur between the Annan and Evan Waters that carried the Roman road north into Clydesdale. The area to be scheduled is irregular on plan, to include the remains described above and an area around within which evidence relating to the monument's construction, use and abandonment may survive. The monument, which lies in the Parish of Kirkpatrick-Juxta and the County of Dumfries as shown in red on the Plan annexed and executed as relative hereto [redacted], is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

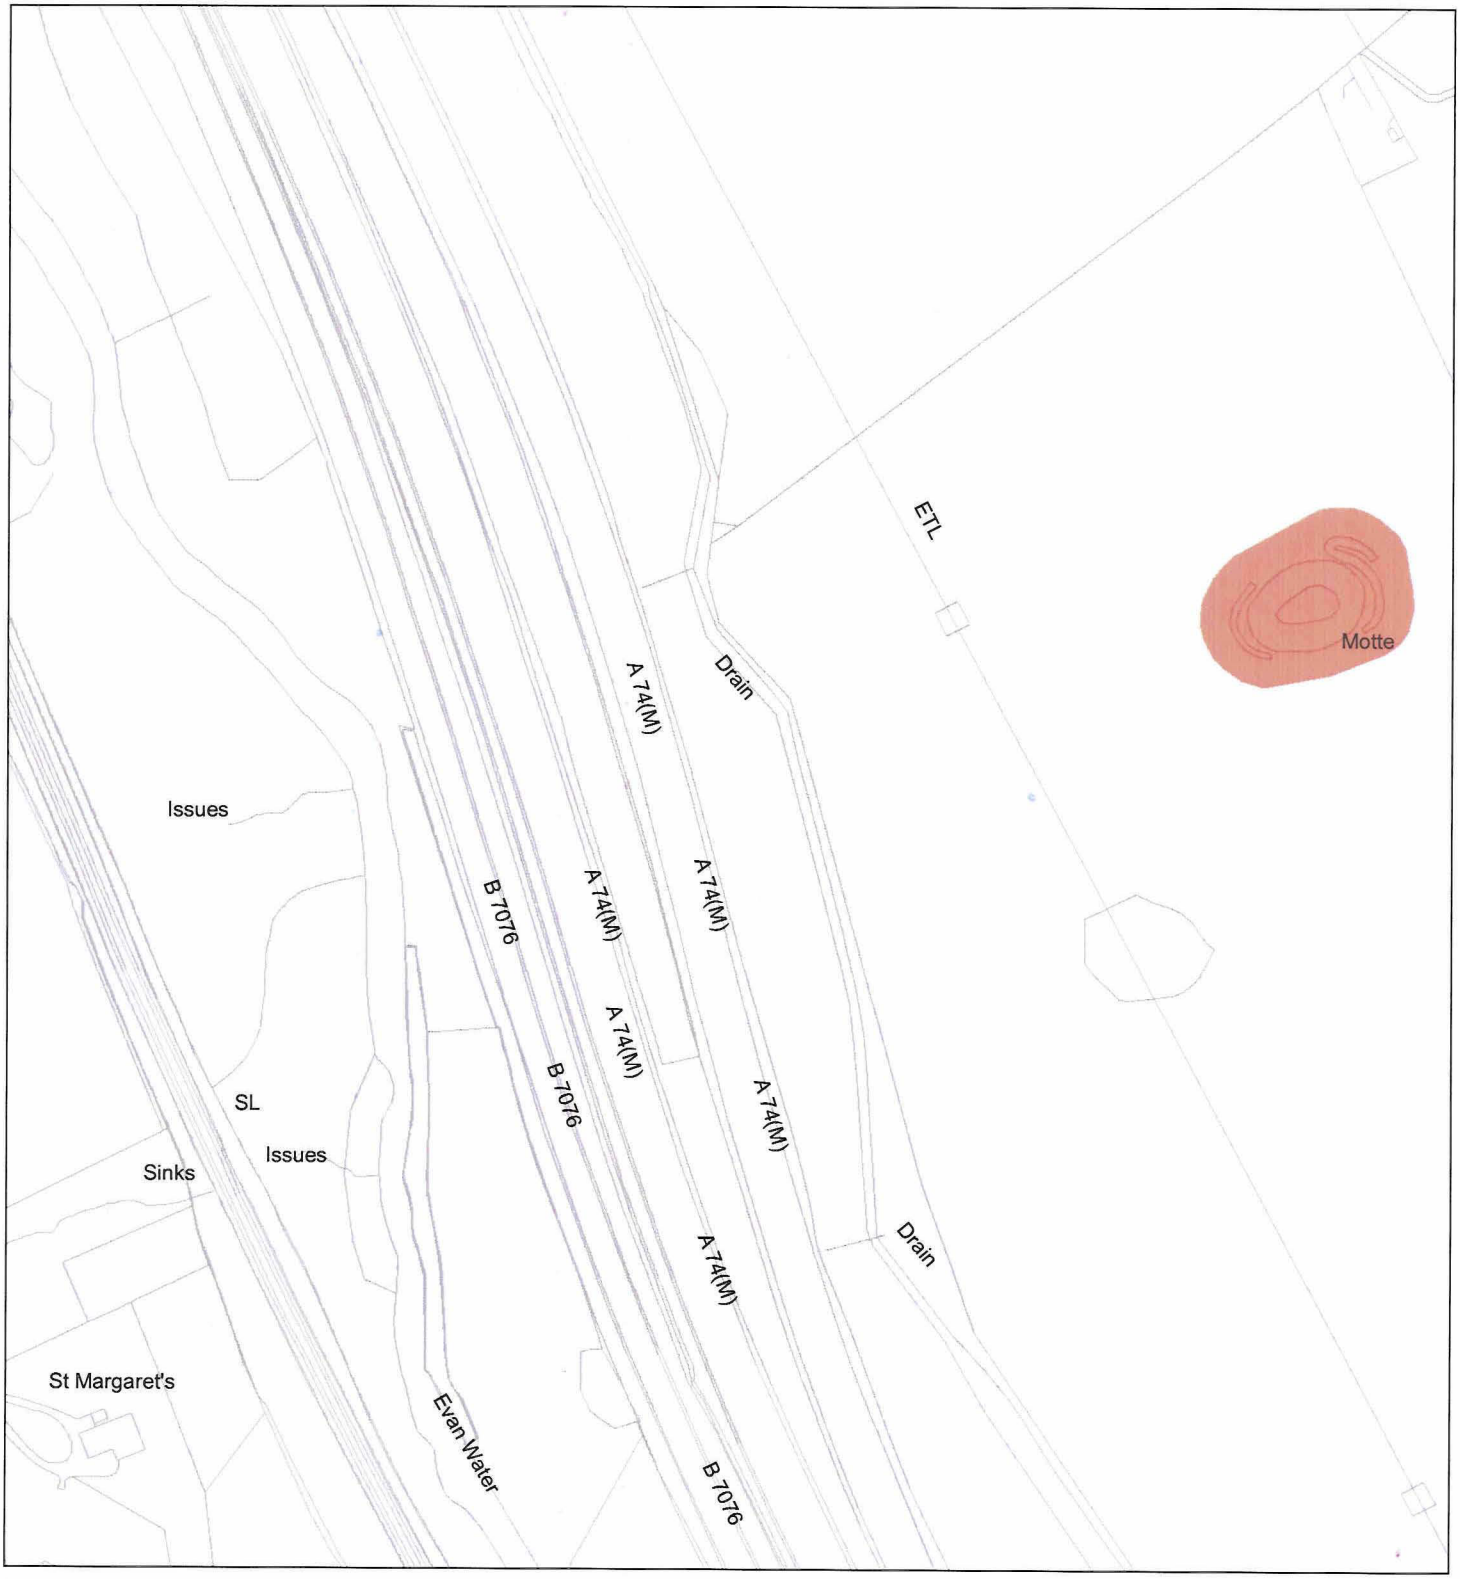

Subscribed by Malcolm Cooper, Chief Inspector with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 13 day of March Two thousand and ten, before this witness Mairi H Davies, of Longmore House, Salisbury Place, Edinburgh.

[redacted] Witness [redacted] Chief Inspector
