THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 1255
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as **Ivybank, mound 215m SSW of, Rousay** comprises the remains of a burial mound dating probably from the Bronze Age (between about 2000 and 800 BC). The monument is visible as a circular mound of earth and stones, measuring 8.5m in diameter and standing to a height of 0.7m. There is evidence of some earlier intrusion into the mound, but overall it appears to be relatively intact and in reasonable condition. The mound is located around 1km from the NE coast of Rousay, on low-lying land 20m above sea level, overlooking the Loch of Wasbister and Saviskaill Bay to the NE. The scheduled area is circular on plan and measures 20m in diameter. It includes the remains described above and an area around them within which evidence relating to the monument's construction, use and abandonment is expected to survive. The monument, which lies in the Parish of Rousay and Egilsay and the County of Orkney and Zetland as shown in red on the Plan annexed and executed as relative hereto and which forms part of the subjects [redacted] is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

This entry supersedes the Entry in the Schedule of Monuments for the monument known then as **Mound near Cogar, Wasbister** as referred to in the Certificate of Service of Notice by the Commissioners of His Majesty's Works and Public Buildings in respect of the monument dated 20 March 1936 and recorded in the General Register of Sasines for the County of Orkney and Zetland on 20 May 1936.

Subscribed by Olwyn A Owen, Head of Scheduling, Marine and Battlefields with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 14th day of July Two thousand and fourteen, before this witness Christine Kelly, of Longmore House, Salisbury Place, Edinburgh.
