THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 1314
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as **Knowes of Lingro, burial mounds 110m WNW of Waverley** comprises the remains of three barrows dating probably to the Bronze Age (between about 2000 and 800 BC). The barrows are visible as low, roughly circular, turf-covered earthen mounds. The two northernmost mounds measure approximately 10m and 14m in diameter and stand 1m high. The third mound, which lies SE (downslope) of the northern pair, is approximately 10.5m in diameter and stands almost 1m high. This mound has been disturbed previously and the remains of a cist are partly exposed. The Knowes of Lingro are located within pasture land at about 65m OD, with views towards Costa Hill to the NE and Abune-the-Hill and Hundland Hill to the S. The scheduled area is irregular on plan to include the remains described above and an area around them within which evidence relating to the monument's construction, use and abandonment is expected to survive. The monument, which lies in the Parish of Birsay and Harray and the County of Orkney and Zetland as shown in red on the Plan annexed and executed as relative hereto and which [redacted] is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

This entry supersedes the Entry in the Schedule of Monuments for the monument known then as **Knowes of Lingro, mounds NE of Curcum, Abune-the-Hill** dated 13 July 1937.

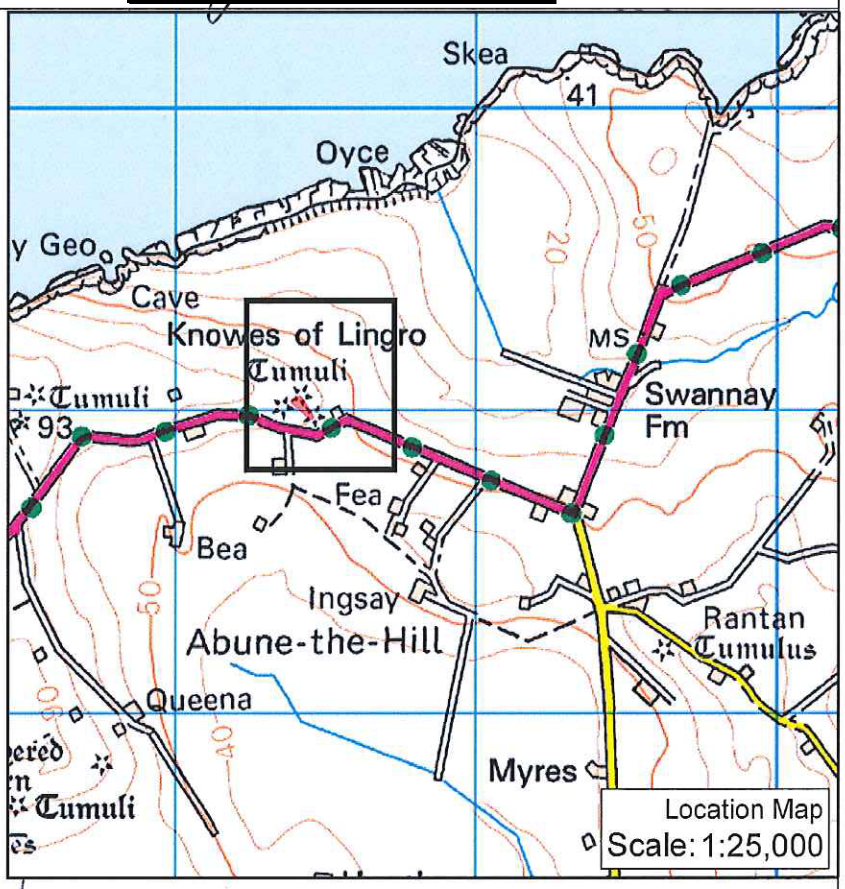

Subscribed by Olwyn A Owen, Head of Scheduling, Marine and Battlefields with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 4th day of July Two thousand and Fourteen, before this witness Christine Kelly, of Longmore House, Salisbury Place, Edinburgh.
