THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 2060
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Burgi Geo, broch 510m NNE of North Brough comprises a broch of Iron Age date, built probably between 500 BC and AD 200, and the remains of at least three ramparts and ditches. The broch is visible as a very large turf-covered mound within which small areas of masonry are exposed. The ramparts and ditches are visible mostly as low earthworks. The monument lies about 20m above sea level, on a low peninsula that protrudes north above the Bay of Brough. The area to be scheduled is irregular on plan, to include the remains described above and an area around them within which evidence relating to the monument's construction, use and abandonment may survive. The scheduled area extends to the mean high water mark to the southeast. The scheduling specifically excludes the above-ground elements of all field boundary walls and post-and-wire fences, to allow for their maintenance. The monument, which lies in the Parish of Yell and the County of Orkney and Zetland as shown in red on the Plan annexed and executed as relative hereto and which forms part of the subjects [redacted] is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

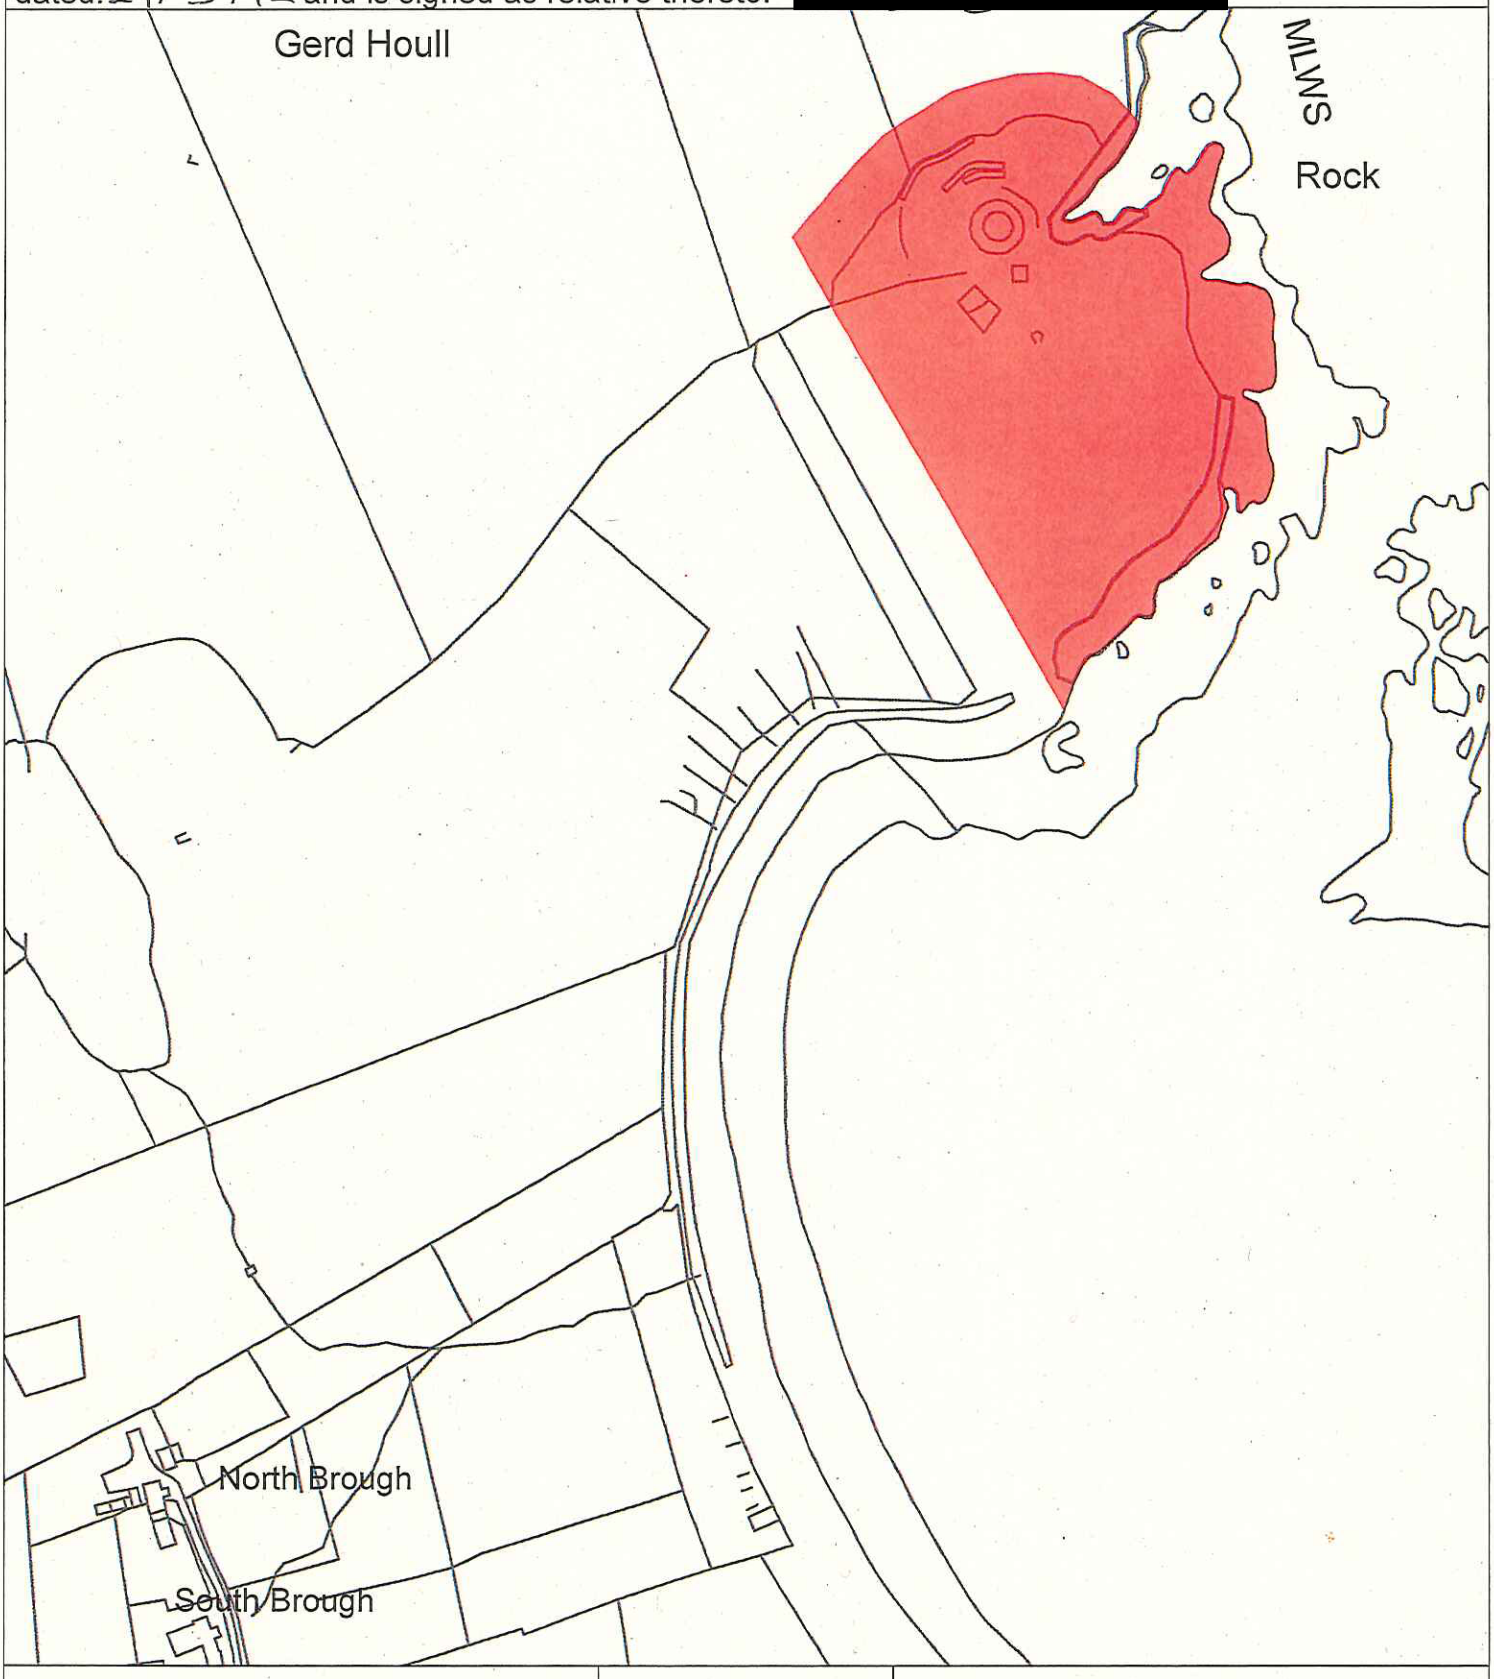

Subscribed by Barbara Cummins, Director of Heritage Management with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 27th day of March Two thousand and twelve, before this witness Victoria Murray, of Longmore House, Salisbury Place, Edinburgh.
