THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Phoineas Hill, enclosure 900m ESE of Phoineas House comprises the remains of an enclosure measuring 120m NE-SW by 80m transversely, formed by building a wall across the accessible SW approach to a promontory. It is likely that the enclosure dates to the prehistoric period. The wall has been constructed from massive boulders forming the outer face and extends for a length of 35m. An upright stone 1.8m high lies on the south side of the entrance. The area to be scheduled measures 140m NE-SW by 100m transversely, to include the enclosed area, the wall, and an area around the enclosed area in which traces of activity associated with its use may survive. The monument, which lies in the Parish of Kiltarlity and Convinth and the County of Inverness as shown outlined in red on the Plan annexed and executed as relative hereto and which forms part of the subjects described in the [redacted] is hereby included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Given under the Seal of the Secretary of State for Scotland.
