THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Croft Moraig, stone circle comprises the remains of a complex double stone circle, lying over a setting of timber posts. The site and a small area around it was excavated in 1965. The first phase of activity was represented by a horse-shoe shaped setting of about 14 posts, open towards the SW, and other posts. In the second phase the area of the post setting was levelled and an oval setting of stones was erected. In the third phase a stone circle was erected around the oval setting; two outliers were set up to the SE. Empty graves were also located. The area to be scheduled measures 60m in diameter, centred on the circle, to include the circle and an area around it in which traces of activity associated with its construction and use might survive. The monument, which lies in the Parish of Dull and the County of Perth as shown outlined in red on the Plan annexed and executed as relative hereto

is hereby included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Given under the Seal of the Secretary of State for Scotland.
