THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Loedebest, post medieval settlement 650m W of comprises three buildings, associated dykes and field systems. One building (at Grid Ref. ND12883204) is small and rectangular and isolated some way to the W of the main settlement. The other two buildings include one small rectangular building and a long house. The long house has stone walls attached to the NW and NE; the wall to the NE forms part of a stone walled enclosure. There are faint traces of wall foundations to the SE of the long house and this could indicate the existence of an earlier settlement on this site. There is evidence for rig cultivation alongside the river. Two areas are proposed for scheduling. One measures 30m SW-NE by 30m SE-NW and covers the isolated rectangular building. The second area measures a maximum of 250m WNW-ESE by 110m WSW-ESE to include the other buildings, linear dykes and rig and furrow. The monument, which lies the Parish of Latheron and the County of Caithness as shown outlined in red on the Plan annexed and executed as relative hereto and which forms part of the subjects

hereby included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.
