THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Ben Rulibreck, dun 570m NE of Vatersay comprises of the remains of a dun, a fortified settlement of middle to late Iron Age date (c.200 BC to c.600 AD), situated upon a small hill. The stonework of the dun has been largely removed, but sufficient remains to suggest it was oval in plan, 12.7m N-S by 10.4m E-W, over walls about 3.5m thick. The dun was surrounded by a substantial outer wall, of which only a few large boulders on the S slope of the hill and a stretch of walling 10m to the E of the dun survive. Between the outer wall and the dun is a small courtyard about 10m square. The area to be scheduled is a quadrilateral, 50m E-W by a maximum of 35m N-S, to include the dun and the outer walling. The N boundary is formed by an existing fence which is specifically excluded from the scheduling. The monument which lies in the Parish of Barra and the County of Inverness as shown outlined in red on the Plan annexed and executed as relative hereto

is hereby included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Given under the Seal of the Secretary of State for Scotland.
