THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Buolacrabher, chambered cairn 1350m SSW of comprises the remains of a chambered cairn of Neolithic/Bronze Age date. The cairn is about 14.6m in diameter; a number of slabs of stone protrude through the turf in the approximate centre of the cairn and indicate the existence of a chamber. The cairn is crossed by a modern sheep shelter. The 2 longest slabs on the S of the shelter are 0.3m above the present ground level, while the 2 at right angles to the shelter and the slab to the N of them are 0.6m high. There is evidence for thick peat growth in the area around this chambered cairn and it is probable that much of the cairn and chamber remain in situ. The area to be scheduled measures 45m in diameter, to include the chambered cairn and an area around it in which traces of activities associated with its construction and use may survive. The monument, which lies in the Parish of Latheron and the County of Caithness as shown outlined in red on the Plan annexed and executed as relative hereto and which forms part [redacted] hereby included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Given under the Seal of the Secretary of State for Scotland.
