THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 6594
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Inverarish, iron ore mine, kilns and associated remains, Raasay comprises the remains of an ironstone mine and processing complex established by William Baird and Co. of Coatbridge and in operation during the First World War. The monument is located in the SW area of the Isle of Raasay on a series of S-facing slopes, from 210m above sea level in the north down to 20m above sea level at the coast. The area to be scheduled is irregular on plan to include the remains described and an area around them within which evidence relating to the monument's construction, use and eventual abandonment may survive. In the SW the scheduling extends up to but excludes the ferry waiting room and toilet block. Specifically excluded from the scheduling are the above-ground elements of all modern fence lines and all modern road surfaces to allow for their maintenance. The monument, which lies in the Parish of Portree and the County of Inverness as shown in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

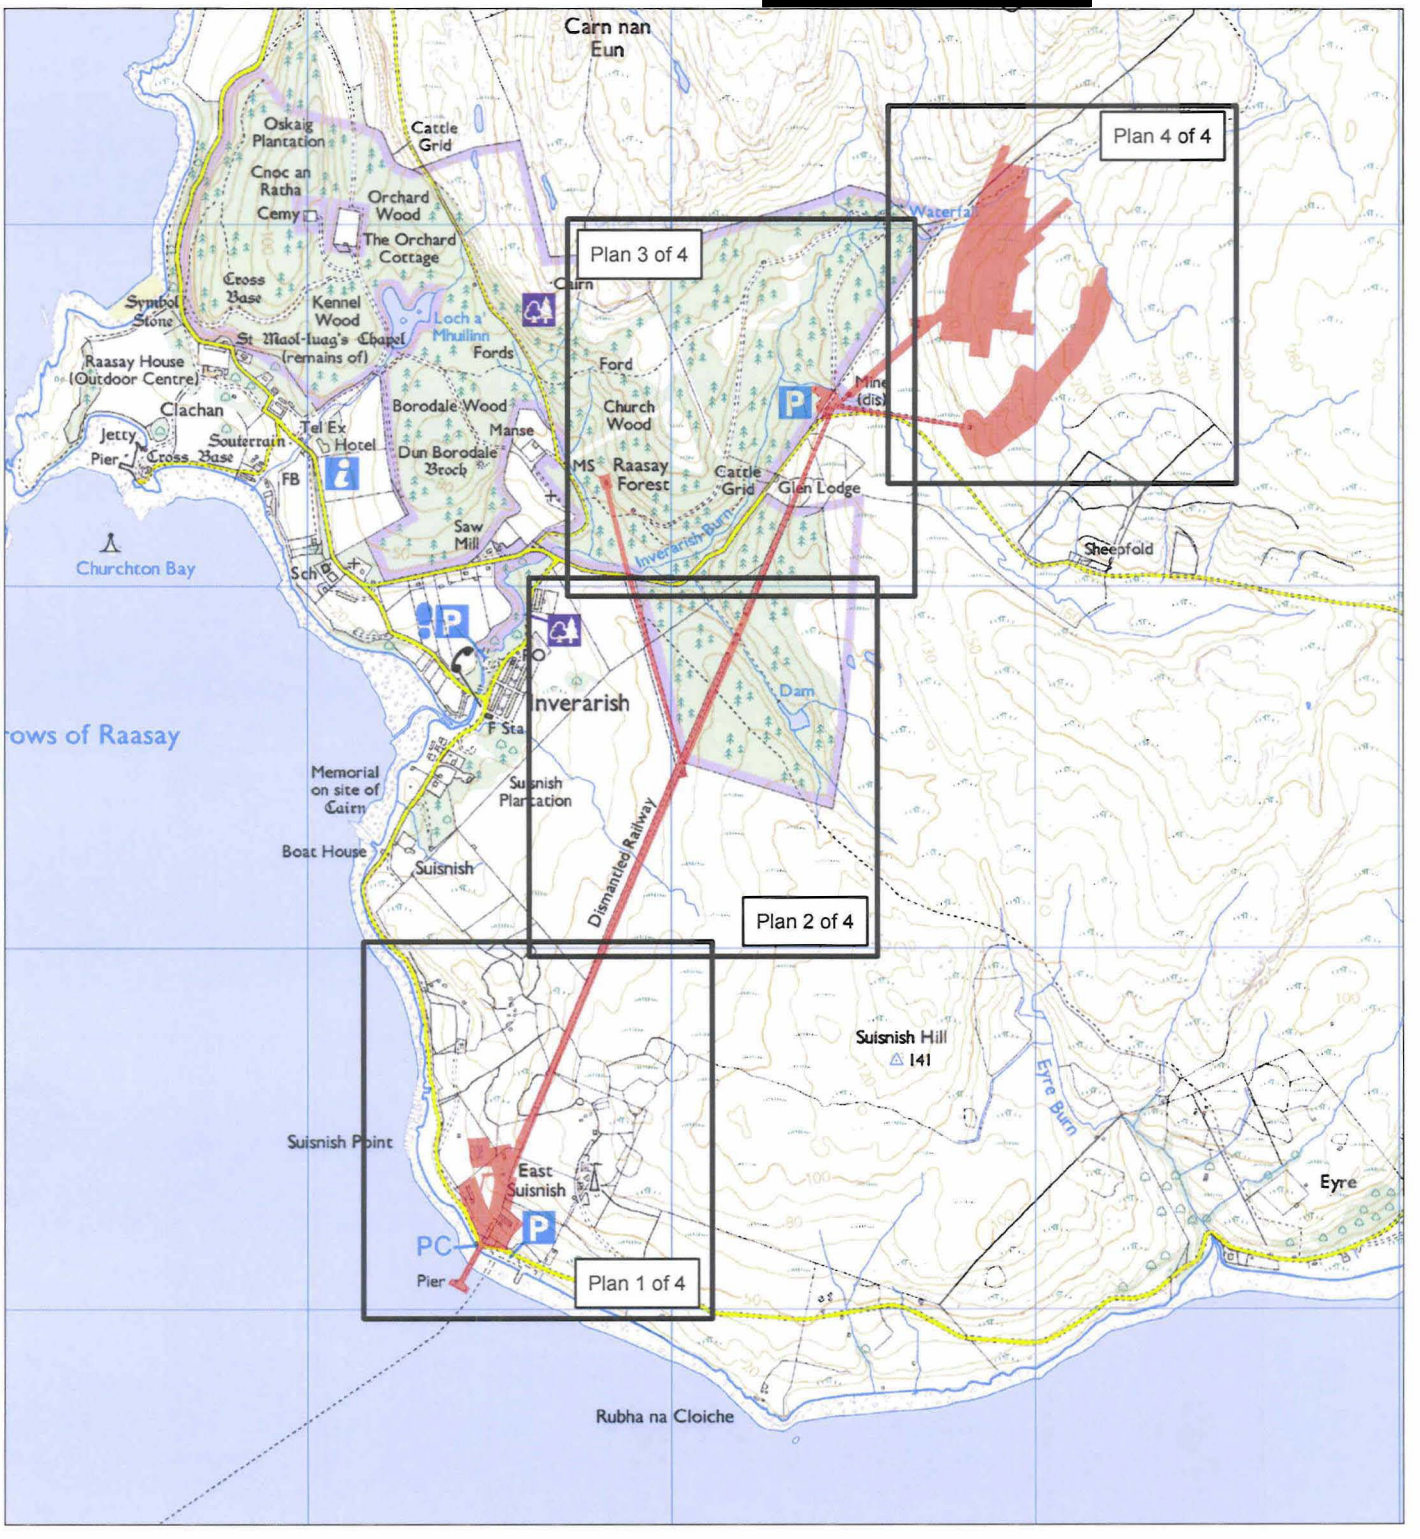

Subscribed by Deborah Mays, Deputy Chief Inspector with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 31st day of March Two thousand and eleven, before this witness Victoria Murray, of Longmore House, Salisbury Place, Edinburgh.

[redacted] Witness [redacted] Deputy Chief Inspector
