THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 6807
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as **Grange, enclosure 270m ESE of** comprises a prehistoric circular enclosure. It is visible as a cropmark captured on oblique aerial photographs and the archaeological remains are buried below the ploughsoil. Although similar to a type of later prehistoric settlement, the enclosure is more probably a rare Neolithic henge monument, dating from between 3500 BC and 2500 BC. The enclosure is defined by a ditch 2.5m wide that encloses an area measuring around 20m in diameter. The monument lies at 75m OD on ground that slopes gently SE towards the valley of the Motray Water. The scheduled area is circular on plan, measuring 55m in diameter and centred on the centre of the enclosure, to include the remains described above and an area around them within which evidence relating to the monument's construction, use and abandonment is expected to survive. The monument, which lies in the Parish of Balmerino and the County of Fife as shown in red on the Plan annexed and executed as relative hereto [redacted], is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

This entry supersedes the entry in the Schedule of Monuments for the monument known then as **Grange, enclosure and souterrains E of** as referred to in the Entry in the Schedule of Monuments by the Scottish Ministers in respect of the monument dated 29 October 1999 and recorded in the General Register of Sasines for the County of Fife on 18 January 2000.

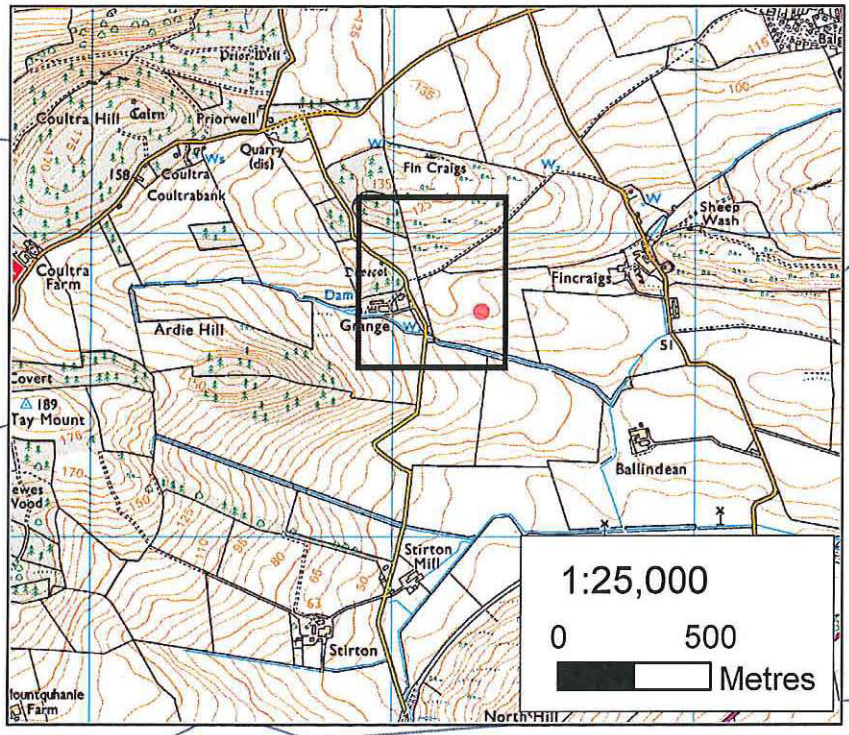

Subscribed by Olwyn Owen, Head of Scheduling, Marine and Battlefields with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 22 day of August Two thousand and thirteen, before this witness Christine Kelly, of Longmore House, Salisbury Place, Edinburgh.
