THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Antonine Wall, New Kilpatrick Cemetery to field boundary S of Boclair comprises a section of the Antonine Wall which runs along a ridge to the E of New Kilpatrick Cemetery. This ground now forms part of Douglas Park Golf Club. The Antonine Wall at this location consists of the rampart, the ditch, the berm (area between the rampart and ditch) and the upcast mound. The area to be scheduled measures a maximum of 390m E-W by 70m N-S, to include the Antonine Wall rampart, berm, ditch and upcast mound and an area to the N and S where traces of activities associated with the construction and use of the monument may survive. To the W edge of the scheduled area is defined by the E boundary of New Kilpatrick Cemetery, while to the E it is defined by a field boundary to the S of Boclair. The N edge of the scheduled area then runs 25m N of the N margin of the Antonine Wall ditch, to include the upcast mound and an area beyond in which traces of activities associated with the construction and use of the Antonine Wall may survive. The S boundary runs 20m beyond the south margin of the rampart to include Roman-period deposits which are likely to survive in this area. At least part of the military way may lie within this zone. The monument, which lies in the Parish of New Kilpatrick and the County of Dumbarton as shown outlined in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Given under the Seal of the Secretary of State for Scotland.
