THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Antonine Wall, 120m NE of Balmuildy Cottages to 270m S of Buchley comprises a section of the Antonine Wall which runs across fairly level ground just to the N and NE of the Brick Factory E of Balmuildy Cottages. The Antonine Wall at this location consists of the rampart, the ditch (area between rampart and ditch) and upcast mound. The area to be scheduled measures a maximum of 420m WSW-ENE by a maximum of 70m N-S, to include the Antonine Wall rampart, berm, ditch and upcast mound and an area around in which traces of activities associated with the construction and use of the Antonine Wall may survive. The scheduled area is in two parts with the modern road dividing the two. The N part is defined at its W end by a field boundary and at its E end by another boundary which forms the E boundary of a track. The edge of the scheduled area lies 25m N of the N margin of the Antonine Wall ditch and is defined by the N verge of the road on its S side. The S part is defined by the S verge of the road on its N margin, a field boundary to its E and on the S by a line running 20m S of the S margin of the Antonine Wall rampart, to include Roman-period deposits which are likely to survive in this area. An area S of the Antonine Wall and the modern road, lying at the W end of this area is excluded. The monument, which lies in the Parish of Cadder and the County of Lanark as shown outlined in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Given under the Seal of the Secretary of State for Scotland.
