THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Antonine Wall, 270m S of Buchley to 25m SW of Buchley Lodge comprises a section of the Antonine Wall which runs across sloping ground to the north of Wilderness Plantation. The Antonine Wall at this location consists of the rampart, the ditch, the berm (area between rampart and ditch) and the upcast mound. The area to be scheduled measures a maximum of 800m from WSW-ENE by a maximum of 105m N-S, to include the Antonine Wall rampart, berm, ditch and upcast mound and an area around in which traces of activities associated with the construction and use of the Antonine Wall may survive. The scheduled area is defined on its W end by field boundaries. To the N its edge lies 25m beyond the N margin of the Antonine Wall ditch and to the S its edge lies 20m beyond the S margin of the rampart. To the E and SE it is defined by the edge of two roads. Just to the W of its E end the S boundary of the scheduled area is expanded to include the remains of the fortlet W of Buchley Lodge. The Balmuildy Road is excluded from scheduling as is the top surface of the area which has been used as a midden (south of Buchley and just to the N of the Balmuildy Road): the top surface being defined as the hard standing on which the midden has been created and the overlying midden. Deposits underneath the hard standing and midden are, however, to be scheduled. The monument, which lies in the Parish of Cadder and the County of Lanark as shown outlined in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Given under the Seal of the Secretary of State for Scotland.
