THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Antonine Wall, Leafield to Forth and Clyde Canal comprises a section of the Antonine Wall which crosses a low area of ground just to the S of Glasgow Bridge. The Antonine Wall at this location consists of the rampart, the ditch, the berm (area between rampart and ditch) and the upcast mound. The area to be scheduled measures a maximum of 225m WSW-ENE by a maximum of 60m N-S to include the Antonine Wall rampart, berm, ditch and upcast mound and an area around in which traces of activities associated with the construction and use of the Antonine Wall may survive. The scheduled area is defined at its W end by the E boundary of the garden of Leafield, to its NW by the S edge of the car parking area alongside the A803 road, to the N by the S bank of the Forth and Clyde Canal and to the S by a line 20m S of the S margin of the Antonine Wall rampart to include Roman-period deposits which are likely to survive in this area. The upper 30cm of the track running S across the line of the Wall is excluded. The monument, which lies in the Parish of Cadder and the County of Lanark as shown outlined in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Given under the Seal of the Secretary of State for Scotland.
