ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Ernerogo Loch, fish ponds 400m S of Ernerogo comprises a series of artificial ponds lying in a low-lying area to the W of Ernerogo Loch, and believed to be fish ponds of medieval or later date. The area to be scheduled is irregular, defined by modern fences on the NW and SW sides, and measures a maximum of 190m NE-SW by 80m NW-SE, to include the whole of the seasonally wet area where the walls occur and also areas to the NW and SE where they may continue below the present ground surface. Excluded from the scheduling are the modern fences and also the bird-feeder standing in open water in the NE end of the area. The monument, which lies in the Parish of Crossmichael and the County of Stewartry of Kirkcudbright as shown outlined in red on the Plan annexed and executed as relative hereto [redacted] included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.
