THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 7744
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Antonine Wall, 80m WSW of Seabegs Place comprises a stretch of the Antonine Wall that survives as a combination of the visible earthworks of the ditch, and the buried remains of the outer mound, berm, and rampart located through excavation. Approximately 270m in length, this stretch of the Antonine Wall runs from Seabegs Pend to beyond 3 Seabegs Place (also known as Seabegs farmhouse), on the south side of the B816 in the eastern outskirts of Bonnybridge. The area to be scheduled is irregular on plan, to include the remains described and an area around them within which related material may be expected to be found. The scheduling specifically excludes the upper 300mm of all paths, the upper 500mm of driveways and hardstandings, the above-ground elements of all post-and-wire fences, timber fences, stone walls, gates and electric transmission poles, to allow for their maintenance. The monument, which lies in the Parish of Falkirk and the County of Stirling as shown in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Subscribed by Malcolm Cooper, Chief Inspector with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 26 day of November Two thousand and nine, before this witness Mairi H Davies, of Longmore House, Salisbury Place, Edinburgh.
