THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Langholm Castle comprises the fragmentary remains of Langholm Castle, a tower-house built for the Armstrongs in the early 16th century in a defensive position at the confluence of the River Esk and Ewes Water. The area to be scheduled is an irregular pentagon on plan, with maximum dimensions of 150m NW-SE by 160m E-W, to include the upstanding remains of the tower and an area around it within which the presence of several linear scarps and depressions indicates the existence of associated features. The boundary runs as follows: from its N-most point (which lies 40m ENE of the N corner of the fence which surrounds the castle) for 80m in a SE direction, then SW for 90m before turning WNW for 120m, then NNE for 70m before turning due E for 100m to return to the starting point. Excluded from the scheduling are the above-ground sections of the fence surrounding the castle and also the information board. The monument, which lies in the Parish of Langholm and the County of Dumfries as shown outlined in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Secretary of State for Scotland to be of national importance compiled and maintained by him under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Given under the Seal of the Secretary of State for Scotland.
