THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 8244
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Antonine Wall, Rough Castle to Lime Road, and field system, comprises a section of the Antonine Wall, which runs from Rough Castle to Lime Road, Tamfourhill, Falkirk. It also includes the remains of a multi-period field system. The area to be scheduled includes the Antonine Wall rampart, berm, ditch and upcast mound, the Military Way, the field system and an area to the N and S where traces of activities associated with the construction and use of the monument may survive. The W edge of the scheduled area is defined by a field boundary and by the Rowan Tree Burn immediately E and S of the fort at Rough Castle. The S boundary is extended to the track bordering the main Edinburgh-Glasgow railway line to cover the field system, but then follows the edge of opencast workings until it reaches the line of a former railway, which cuts the Antonine Wall. From here eastwards the southern edge of the scheduled area lies 20m beyond the line of the Military Way until it reaches the B816 Bonnyhill Road which then forms the S boundary as far as Lime Road. West of Lime Road the N boundary of the scheduled area is defined by the S edge of an old track, and further W by existing field boundaries. The monument, which lies in the Parish of Falkirk and the County of Stirling as shown outlined in red on the Plan annexed and executed as relative hereto [redacted], is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Subscribed by Sheenagh Adams, Director of Heritage Policy with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 4th day of March Two thousand and five, before this witness Lesley Macdonald, of Longmore House, Salisbury Place, Edinburgh.
