THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 9721
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Antonine Wall, 75m ESE of Craigellachie comprises a stretch of the Antonine Wall that survives as the buried remains of the rampart, while the ditch remains visible as a gentle hollow at the W end of the scheduled area. Approximately 190m in length, this stretch of the Antonine Wall begins at the W bank of the Millhall Burn, around 155m E of Craigellachie, and proceeds west on a broadly E-W course through the grounds of the Grangemouth Gospel Church. The frontier ascends a moderate slope and runs along the shoulder of a prominent ridge before it is cut by Bo'ness Road (a public highway) at a point around 55m SW of Craigellachie A double line of poplar trees marks the approximate line of the rampart for around 100m. The area to be scheduled is irregular on plan, to include the remains described and an area around them within which related material may be expected to be found. The scheduling specifically excludes the above-ground elements of all post-and-wire fences, the above-ground elements of the boundary wall on the W side of the area, the upper 50cm of all hardstandings and road surfaces, and the upper 30cm of all paths, to allow for their maintenance. The monument, which lies in the Parish of Grangemouth and the County of Stirling as shown in red on the Plan annexed and executed as relative hereto [redacted], is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Subscribed by Malcolm Cooper, Chief Inspector with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 26 day of November Two thousand and nine, before this witness Mairi H Davies, of Longmore House, Salisbury Place, Edinburgh.
