THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Antonine Wall, Millhall Burn to River Avon comprises a section of the Antonine Wall which runs from Millhall Burn in the west, through Polmont Woods, Grangemouth Golf Course and past the Polmont dry ski slope to terminate at the River Avon in the east. The area to be scheduled is divided into three sections. The first, running up the steep slope from the Millhall Burn, through Polmont Woods, is a well-preserved and upstanding section of the Wall, despite being wooded. This section has its eastern boundary at the water pumping station built directly on top of the Wall. The second, longer section, runs from the reservoir immediately east of the pumping station, which has partially removed an area of the Wall, through Grangemouth Golf Course, and down the hill past the Polmont dry ski slope, to terminate at the minor road to the west of the ski slope. The Wall has been flattened in the area through the golf course, but the ditch remains visible immediately to the north of the dry ski slope. The third section is a small triangular area between the minor road and the River Avon. The sections, as described above, measure a maximum of approximately (1) 364m in length by 69m in width; (2) 703m in length by 69m in width; and (3) 75m by 54m at its widest points. The scheduled area extends 25m north of the north lip of the ditch, and 20m south of the southern edge of the rampart, except where modern development has removed archaeological deposits (such as the pumping station and reservoir). The top 50cm of the surface of the paths within the scheduled area is excluded from the scheduling to enable minor repair and alterations to these areas without the need for scheduled monument consent. The monument, which lies in the Parish of Grangemouth and the County of Stirling as shown outlined in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Subscribed by Sheenagh Adams, Director of Heritage Policy with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 26th day of September Two thousand and two, before this witness Lesley Macdonald, of Longmore House, Salisbury Place, Edinburgh.
