THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Fenton Heights, scooped settlement comprises the remains of a scooped settlement, dating from the first millennium AD. The scooped settlement lies in unimproved pasture on the steep W-facing flank of Fenton Heights, overlying an earlier earthwork of uncertain date and purpose. The earthwork occupies an unusual position on the steeply sloping valley side, taking in two terraces below the crest of the hill. The scooped settlement occupies the lower and larger of the two terraces within the enclosure. On the NW it overlies the line of the earlier earthwork. The area to be scheduled comprises the remains described and an area around them within which related evidence may be expected to survive. It is circular and measures a maximum of 130m in diameter. The monument, which lies in the Parish of Hutton and Corrie and the County of Dumfries as shown outlined in red on the Plan
