THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 12469
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Winding Cairn comprises a prehistoric burial cairn, approximately 4500 to 3500 years old. It lies in rough pasture 1145m to the N of Harelawside at a height of 185m above sea level, immediately to the south of a conifer plantation where it is enclosed within a small rectangular post-and-wire enclosure. The monument comprises a turf-covered ring of cairn material that is 7m thick, up to 0.5m in height and 26m in diameter. A small section of cairn material is exposed through the turf on the SSW quadrant of the cairn. An area of heaped stone partially overlies the cairn's N quadrant. Immediately to the SW of the cairn is an area of levelled ground where a small spread of stones, smaller than those heaped within the cairn, is visible through the turf. The area to be scheduled is sub-circular on plan, to include the remains described and an area around within which evidence relating to their construction and use may survive. The scheduled area excludes the above-ground elements of the post-and-wire fence enclosing the cairn to allow for their maintenance. The monument, which lies in the Parish of Coldingham and the County of Berwick as shown in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

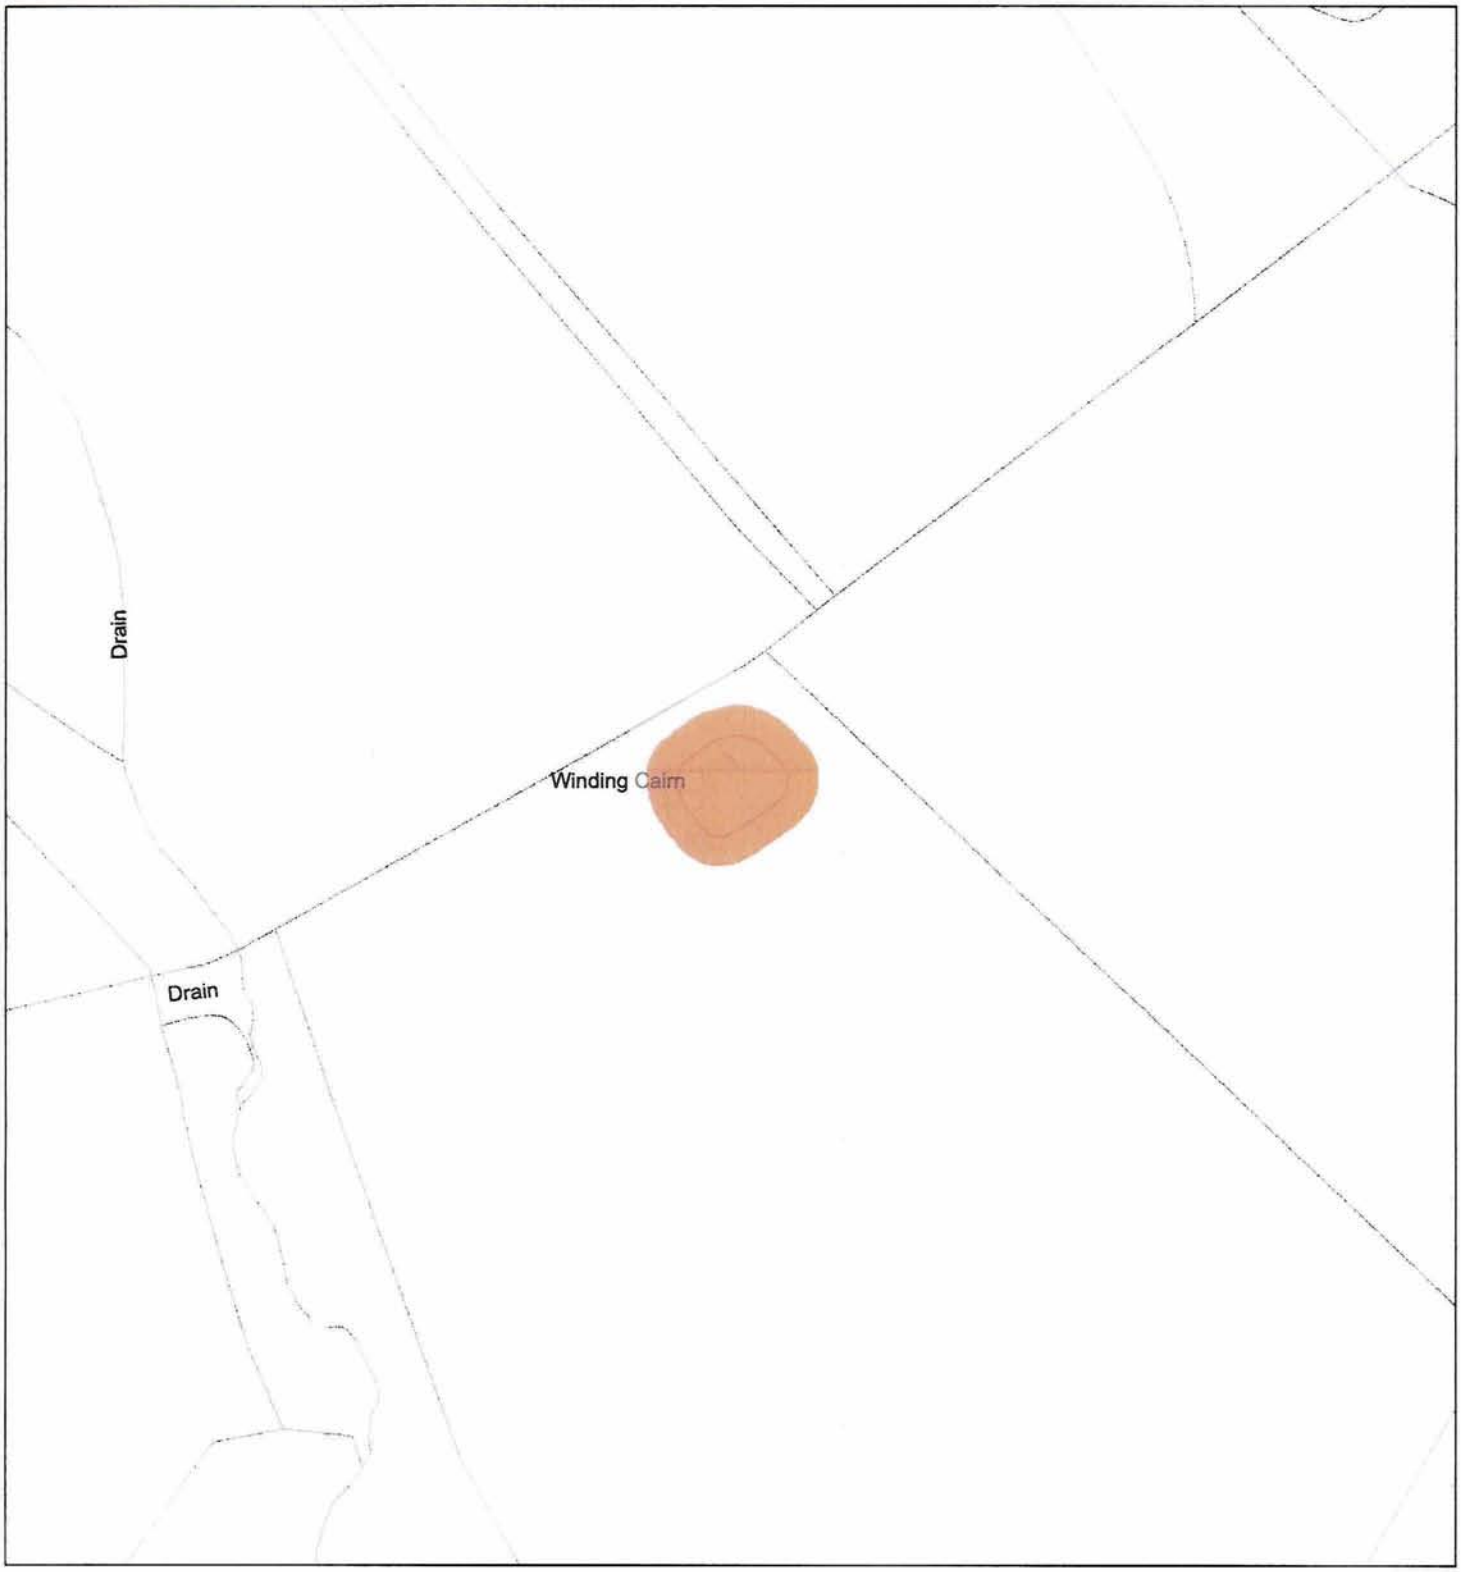

Subscribed by Malcolm Cooper, Chief Inspector with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 7th day of March Two thousand and nine, before this witness Luke Wormald, of Longmore House, Salisbury Place, Edinburgh.

[redacted] Witness [redacted] Chief Inspector
