THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 12493
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Horn Burn, settlement 635m W of comprises the remains of an enclosed settlement of probable later prehistoric date, visible in cropmarks. It is located between 65m and 70m above sea level on a N-facing slope 850m S of the Eye Water. A single ditch encloses an area 65m E-W by 60m transversely. The ditch varies in width from 2-6m. There are entrances visible on both the E and W sides of the ditch. There are also a number of linear ditched features, visible as cropmarks, around the enclosure. The area to be scheduled is irregular on plan, to include the remains described and an area around them within which evidence relating to their construction, use and abandonment may survive. The scheduled area runs up to but does not include the field boundaries on its S and W sides. The above-ground elements of the telegraph poles crossing the field are specifically excluded from the scheduling to allow for their maintenance. The monument, which lies in the Parish of Coldingham and the County of Berwick as shown in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Subscribed by Malcolm Cooper, Chief Inspector with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 30 day of March Two thousand and nine, before this witness Luke Wormald, of Longmore House, Salisbury Place, Edinburgh.
