THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 12506
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Horn Burn, unenclosed settlement 375m NNW of and 265m N of comprises the remains of an unenclosed settlement, enclosure and pit alignment of probable later-prehistoric date, visible as cropmarks in a cultivated field. The monument is located at 55m above sea level on almost level ground just south of the Eye Water, and is bisected by the modern road running roughly E-W through the site. The visible traces of the settlement consist of at least 12 circular or penannular cropmarks, each representing the remains of a round house. These range in diameter from 6m to 16m. A curving pit alignment is also visible in the cropmarks, towards the east of the settlement and running for 210m. The area to be scheduled comprises two areas, both irregular on plan, to include the remains described and an area around within which evidence relating to their construction and use may survive. The S edge of the northernmost area runs up to but specifically excludes the post-and-wire fence on the north of the road, to allow for its maintenance. The monument, which lies in the Parish of Coldingham and the County of Berwick as shown in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Subscribed by Malcolm Cooper, Chief Inspector with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 30 day of March Two thousand and nine, before this witness Luke Wormald, of Longmore House, Salisbury Place, Edinburgh.
