THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 12755
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Witchshaw Rig, unenclosed settlement 1290m NE of Heithatpark comprises the remains of four roundhouses likely to date to later prehistory and an irregular enclosure that is probably of similar date. The monument is located on the summit of Witchshaw Rig at about 250m above sea level. It lies in open moorland but has views southwards down the valley of the Water of Milk. The area to be scheduled is irregular on plan to include the remains described and an area around within which evidence relating to the monument's construction, use and abandonment may survive. The above-ground elements of a post-and-wire fence crossing the scheduled area are specifically excluded from the scheduling to allow for their maintenance. The monument, which lies in the Parish of Hutton and Corrie and the County of Dumfries as shown in red on the Plan annexed and executed as relative hereto [redacted], is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Subscribed by Malcolm Cooper, Chief Inspector with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 27 day of January Two thousand and ten, before this witness Mairi H Davies, of Longmore House, Salisbury Place, Edinburgh.
