THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 12775
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as Over Rig, enclosure 750m SSW of Whiteyett comprises the upstanding remains of a late prehistoric multi-vallate enclosure situated within a natural bowl-shaped depression or amphitheatre 750m SSW of Whiteyett. Three ramparts, separated by ditches, define a D-shaped interior open to the western bank of the River White Esk. This D-shaped enclosure lies within a larger outer enclosure, sub-rectangular in shape, created by a bank and ditch. The area to be scheduled is irregular on plan, to include the visible remains and an area around them within which evidence relating to their construction, use and abandonment may survive and for their support and preservation. The scheduled area specifically excludes the above-ground elements of all field dykes and post-and-wire fences to allow for their maintenance. The monument, which lies in the Parish of Eskdalemuir and the County of Dumfries as shown in red on the Plan annexed and executed as relative hereto [redacted], is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

Subscribed by Malcolm Cooper, Chief Inspector with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 15 day of May Two thousand and ten, before this witness Mairi H Davies, of Longmore House, Salisbury Place, Edinburgh.

[redacted] Witness [redacted] Chief Inspector

This is the plan referred to in the entry in the Schedule affecting: [redacted]
Over Rig, enclosure 750m SSW of Whiteyett

dated: 15 / 2 / 10 and is signed as relative thereto.
