THE ANCIENT MONUMENTS AND ARCHAEOLOGICAL AREAS ACT 1979 13065
ENTRY IN THE SCHEDULE OF MONUMENTS

The monument known as King's Knowe, settlement and field system 260m S of Vestinore comprises the remains of a group of three buildings and a field bank. These remains are likely to date to the Norse or medieval period and were probably in use sometime during the period AD 800 to 1300. The monument is located on improved grazing land on an E-facing sloping terrace at around 50m above sea level, some 100m west of the coastline at the Bay of Mail. The area to be scheduled is irregular on plan to include the remains described above and an area around them within which evidence relating to the monument's construction, use and abandonment may survive. All the above-ground elements of post-and-wire fences are specifically excluded from the scheduling to allow for their maintenance. The monument, which lies in the Parish of Dunrossness and the County of Orkney and Zetland as shown in red on the Plan annexed and executed as relative hereto [redacted] is hereby included in the Schedule of Monuments appearing to the Scottish Ministers to be of national importance compiled and maintained by them under section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979.

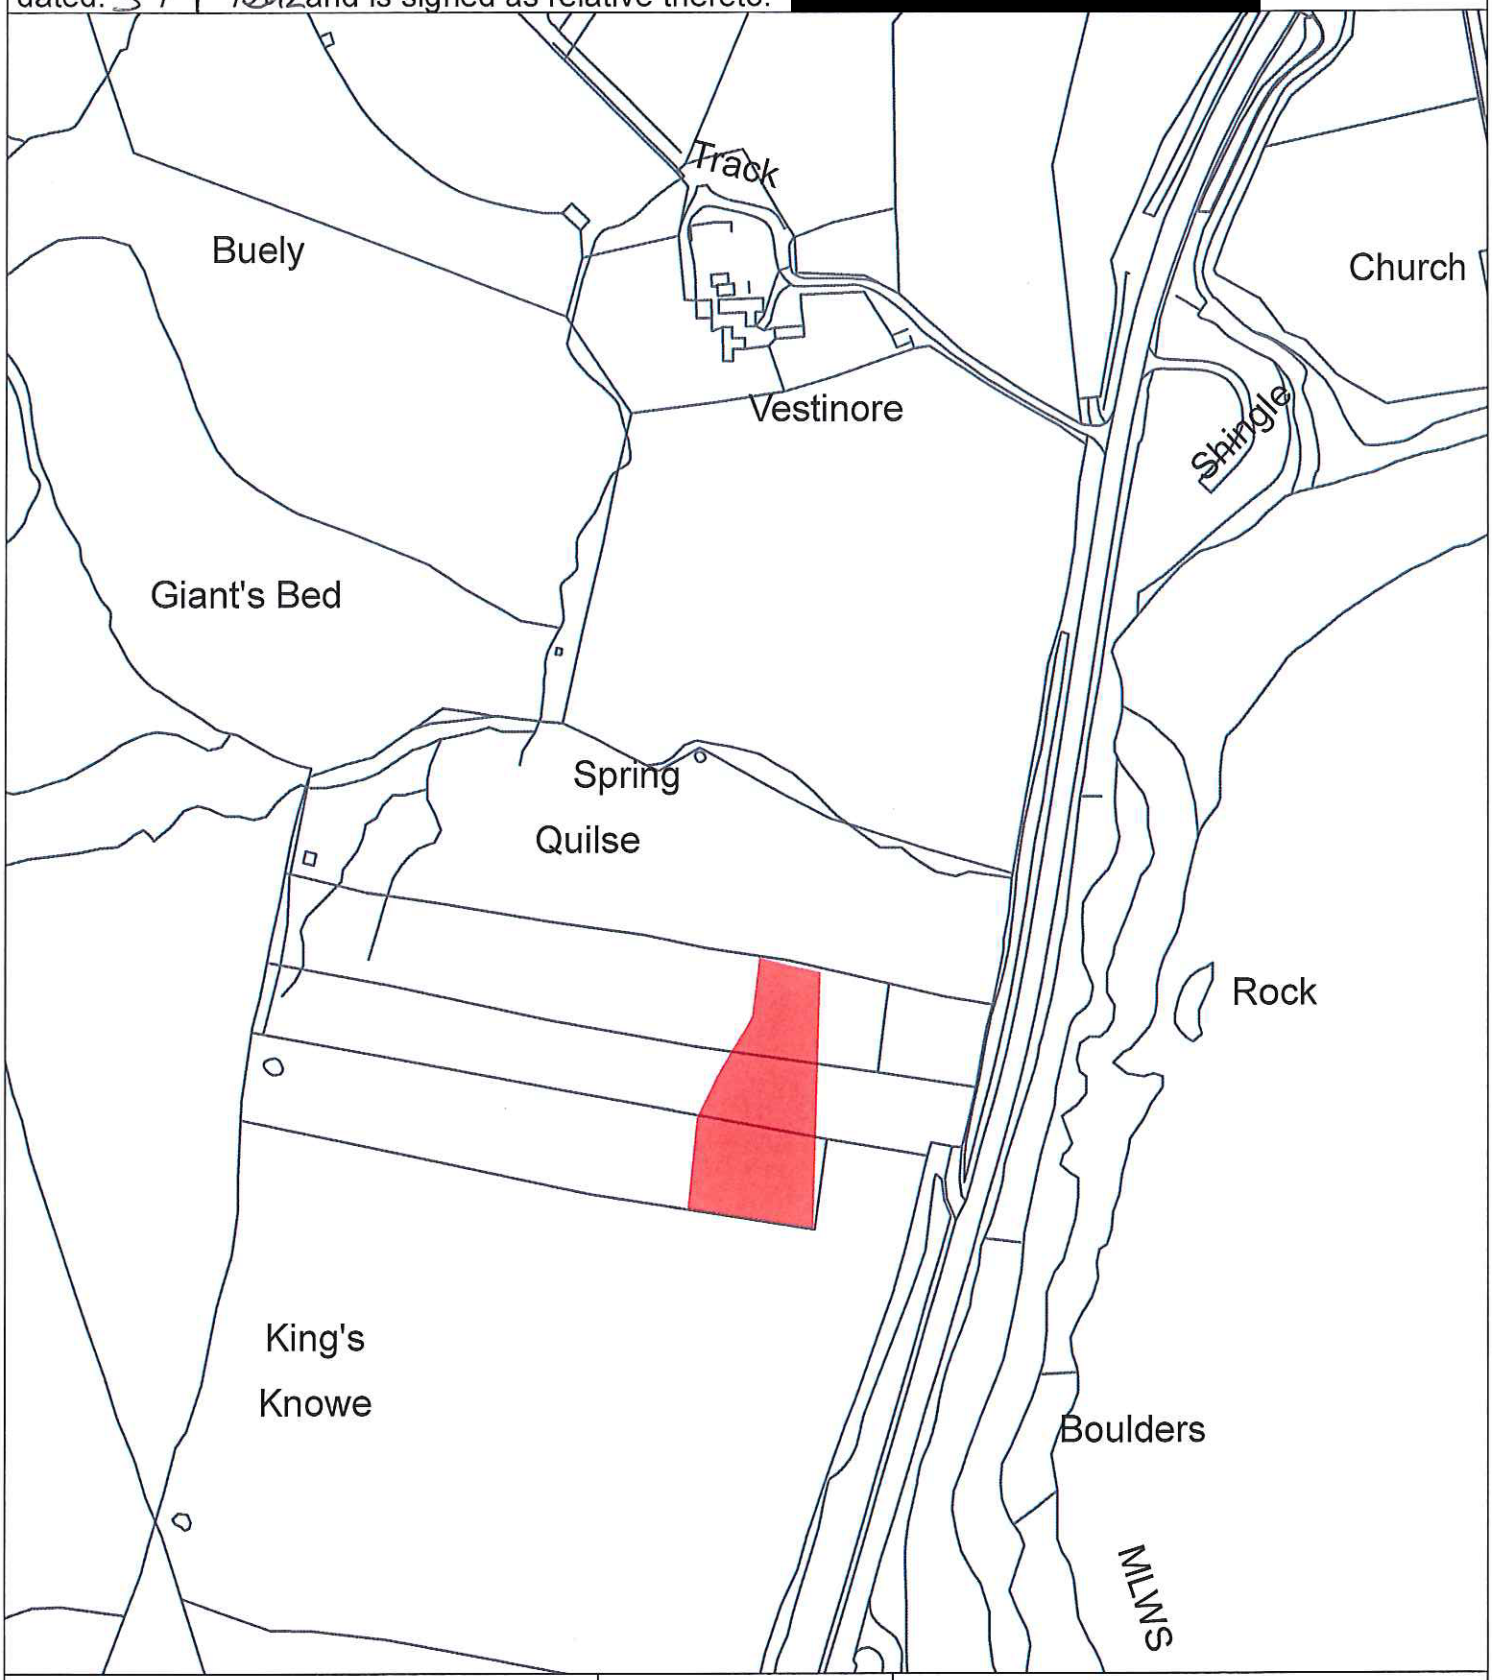

Subscribed by Barbara Cummins, Director of Heritage Management with Historic Scotland, being an officer of the Scottish Ministers at Edinburgh on the 5th day of July Two thousand and twelve, before this witness Victoria Murray, of Longmore House, Salisbury Place, Edinburgh.

[redacted] Witness [redacted] Director of Heritage Management
