AMENDED ENTRY

2436

The Ancient Monuments and Archaeological Areas Act 1979

Amended entry in the schedule of monuments

Historic Environment Scotland in exercise of the powers conferred on it by section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979 hereby amends the entry in the statutory schedule of monuments as set out below.

The monument known as **Kinrive West and Kinrive East, long cairns 150m NNW and 175M N of Mid Kinrive** comprises a pair of long cairns thought to date from the Late Neolithic to Bronze Age (the fourth and third millennia BC). The cairns, of Orkney-Cromarty type, are located on open hillside and lie around 160m above sea level.

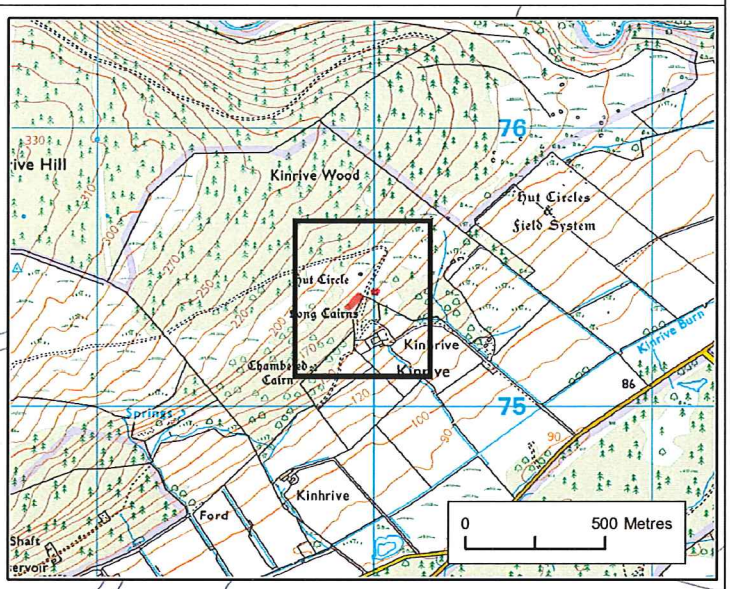

The scheduled area consists of two separate, irregular areas, each centred on a cairn. The scheduled area includes the remains described above and an area around them within which evidence relating to the monument's construction, use and abandonment is expected to survive, as shown in red on the accompanying map. The post and wire fence, track and information board are excluded from the scheduling.

The monument, which lies in the Parish of Kilmuir Easter and the County of Ross and Cromarty as shown in red on the plan annexed and executed as relative hereto.

This entry supersedes the Entry in the Schedule of Monuments for the monument known then as **Kinrive Chambered Cairns** as referred to in the Certificate of Service of Notice by the Commissioners of His Majesty's Works and Public Buildings in respect of the monument dated 27 April 1964 and recorded in the General Register of Sasines for the County of Ross and Cromarty on 4 June 1964.

Dated: 16 / 09 / 2016

This is the plan referred to in the entry in the Schedule affecting:
Kinrive West and Kinrive East, long cairns 150m NNW and 175m N of Mid Kinrive
