

**Ancient Monuments and Archaeological Areas Act 1979
Scheduled Monument Consent Decision Notice**

Case ID	201603004	Index No	M12810
Scheduled Monument Location/Address	Overton reservoirs 1-8 and associated channels, Clyde Muirshiel Park Inverclyde		
Proposed Works	Greenock Cut Reservoir No.8 and Alum Dam Enhancement Works		

Historic Environment Scotland hereby **grants** scheduled monument consent for the works detailed below without conditions.

Consented Works:

No. 8 Reservoir

- a) In order to maintain the capacity of the reservoir, spillways and overflow channels, vegetation will be removed and debris cleared from the channels by machine, back to the historic depth of the channel.
- b) An area of failed slope (caused by water spilling onto the bank from higher ground above) on the west side will be cut back by tracked excavator, and re-profiled at a stable angle.
- c) A raised bank will be constructed along the west side at the same location. New stone pitching to match existing would be laid on this bank, and reused topsoil and grass would be overlaid on the crest of the bank.
- d) Repair, reinstate and grout areas of missing stone pitching along the channel for about 34m.
- e) Repair upstream rock armour protection on upstream face of the embankment over an area of 30m².

Alum Dam

- f) Installation of approximately 48m of galvanised steel tube handrail along the top of Alum Dam.
- g) Installation of approximately 22m galvanised steel tube handrail and replacement trash screen at the overflow channel outlet.

as described in your application dated 01 September and the following supporting documents:

- 1) 109053_Scope of Works_Issue02
- 2) SSoW Greenock No.8 and Alum Dam
