Ancient Monuments and Archaeological Areas Act 1979
Scheduled Monument Consent Decision Notice

Case ID	**300018548**	**Index no**	**SM6440**
Scheduled Monument	**Cammo Canal**		
Location/ Address	**Edinburgh**		
Proposed Works	**Improvements to the Canal**		

Historic Environment Scotland hereby **grants** scheduled monument consent for the works detailed below, subject to the attached conditions.

Consented Works:

a) Removal of silt and debris from canal basin and felling of self-seeded trees.

as described in your application which we validated on 01 September 2016 and the following supporting documents:

1) Location plan
2) Headland Archaeology CCED16: Auger Survey Report, Cammo Canal, August 2016
3) Cammo Estate Canal: tree works

Conditions referred to above

1. No work requiring scheduled monument consent shall take place within the scheduled area [indicated on the plan supplied with the scheduled monument consent application,] until the applicant has secured the initiation of a programme of archaeological work in accordance with a Written Scheme of Investigations (WSI)/project design and has had this WSI approved in writing by Historic Environment Scotland. This scheme of works shall be fully implemented during the course of the approved development.

   Reason: to ensure that any surviving and identifiable remains of the canal structure can be identified and protected in situ during works.

2. No works relating to the construction and removal of the access ramp shall commence on site until a specification/method statement for the works has been approved in writing by Historic Environment Scotland.

   Reason: to ensure that work will be carried out to a standard acceptable to Historic Environment Scotland and impacts on the monument are minimised.

Reasons for the Decision:

Subject to compliance with the schedule of conditions, the works proposed are considered acceptable in meeting the terms of national policy for scheduled monuments, and also accounting for other material considerations.
