AMENDED ENTRY

2539

The Ancient Monuments and Archaeological Areas Act 1979

Amended entry in the schedule of monuments

Historic Environment Scotland in exercise of the powers conferred on it by section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979 hereby amends the entry in the statutory schedule of monuments as set out below.

The monument known as **High Blochairn, cairn 180m WSW of** comprises a burial cairn probably dating to the Bronze Age (between about 2000 BC and 800 BC). It is visible as a flat-topped, roughly circular grass-covered mound measuring approximately 16m in diameter and standing up to 1.75m high. The monument is situated on a rocky outcrop in an undulating field of rough grazing at approximately 120m above sea-level.

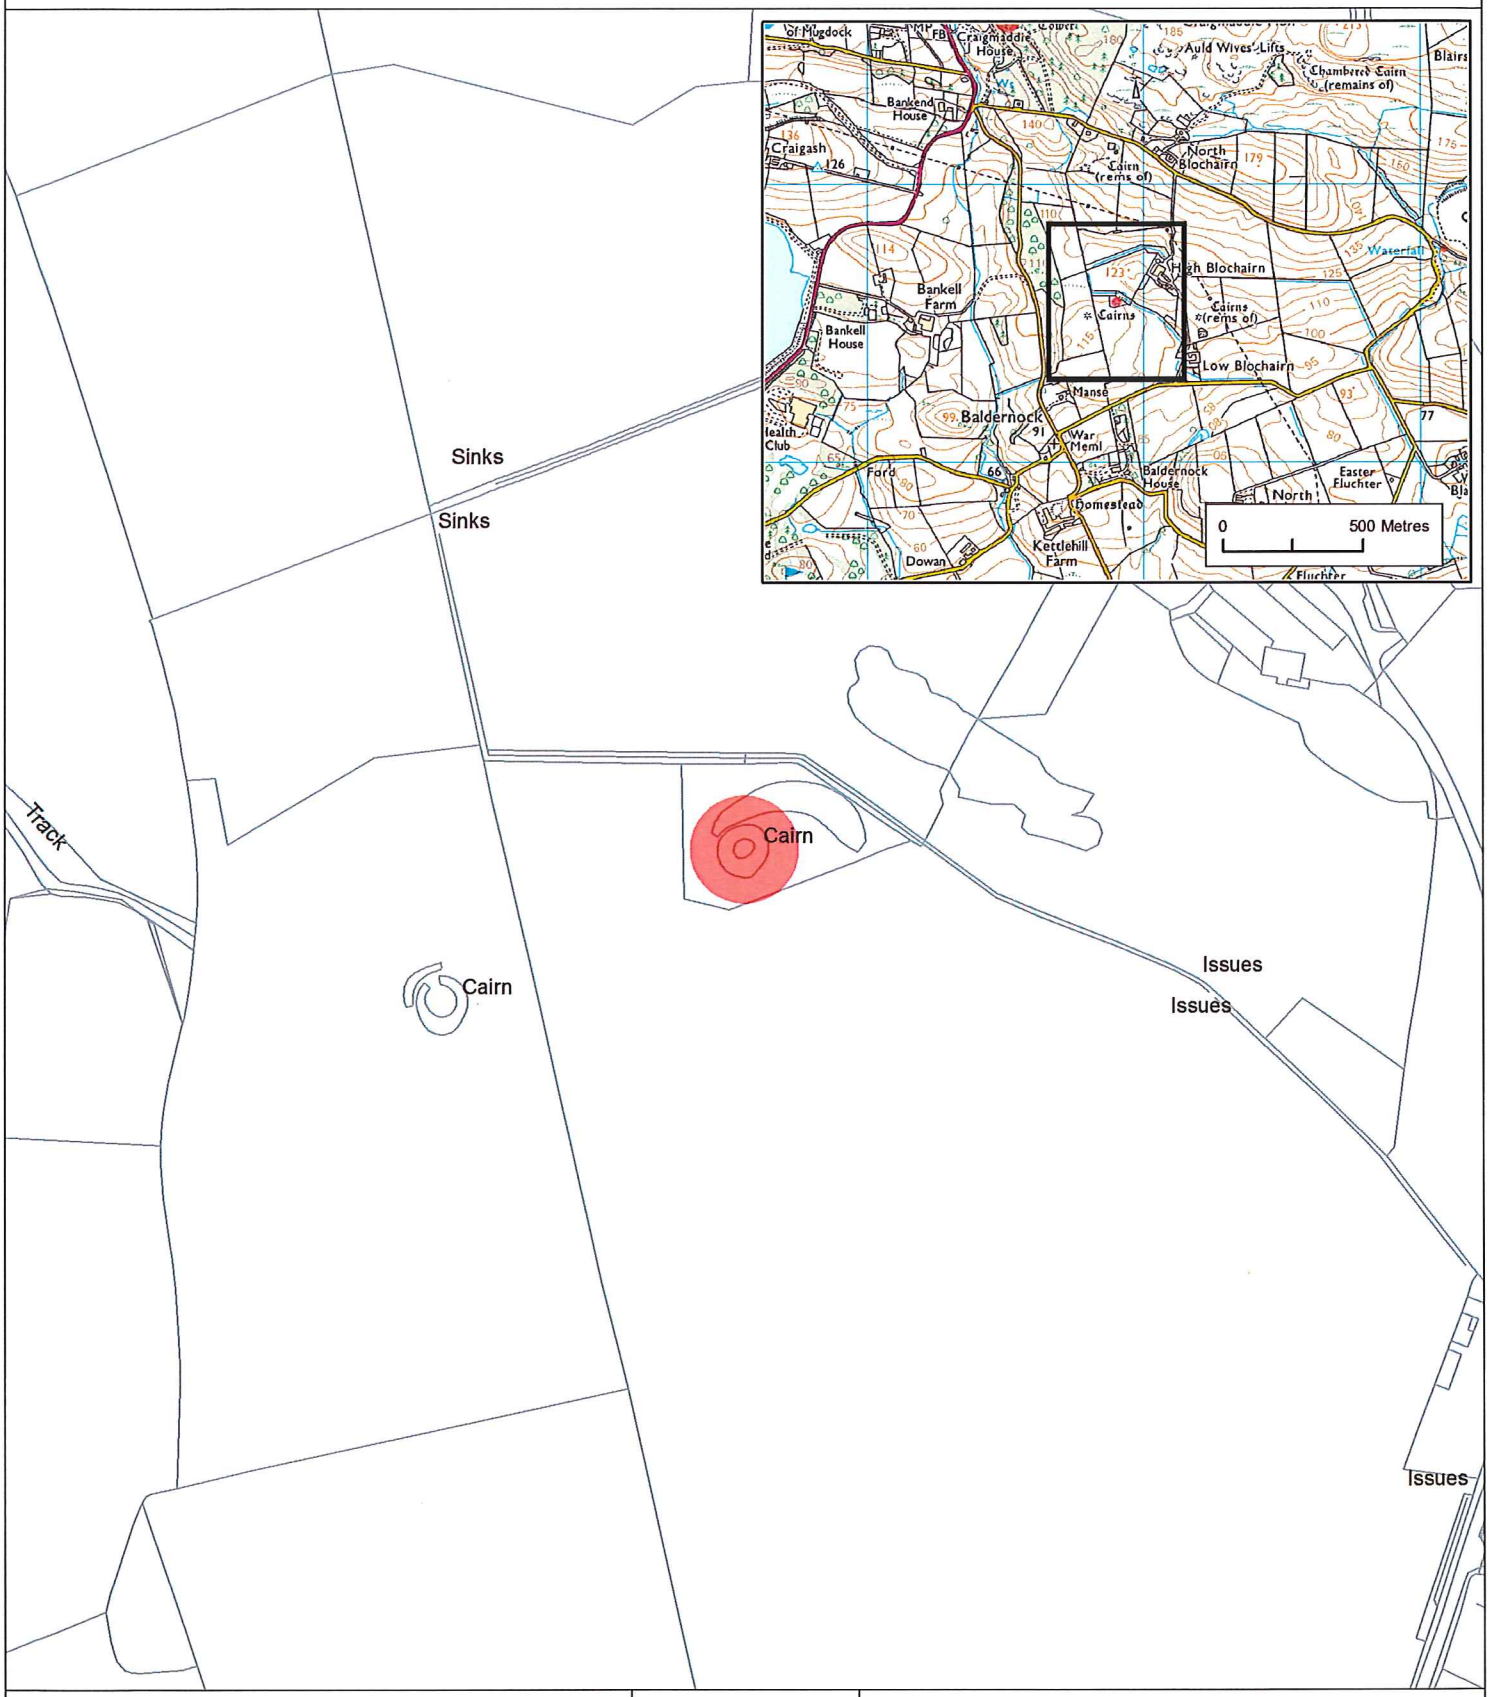

The scheduled area is circular on plan centred on the centre of the monument and measures 36m in diameter to include the remains described above and an area around them within which evidence relating to the monument's construction, use and abandonment is expected to survive. The scheduling specifically excludes above-ground elements of the post and wire fence

The monument, which lies in the Parish of Baldernock and the County of Stirling as shown in red on the plan annexed and executed as relative hereto.

This entry supersedes the Entry in the Schedule of Monuments for the monument known then as **Cairn, High Blochairn, 200yds WSW of** as referred to in the Certificate of Service of Notice by the Minister of Public Building and Works in respect of the monument dated 5 May 1966 and recorded in the General Register of Sasines for the County of Stirling on 1 June 1966.

Dated: 10 / 11 / 2016

This is the plan referred to in the entry in the Schedule affecting:
High Blochairn,cairn 180m WSW of

Designation Reference: SM2539
High Blochairn,cairn 180m WSW of

Parish: Baldernock
