**The Ancient Monuments and Archaeological Areas Act 1979**

**Amended entry in the schedule of monuments**

Historic Environment Scotland in exercise of the powers conferred on it by section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979 hereby amends the entry in the statutory schedule of monuments as set out below.

The monument known as **Whelphill, unenclosed platform settlement 390m W of** comprises the remains of an unenclosed platform settlement of the Bronze Age period. It comprises a settlement consisting of at least eleven house platforms spread over a distance of about 600m westwards from Whelphill farmhouse. The settlement is located in rough pasture on the south facing slopes of Mossy Dod, overlooking the Midlock Water at a height of about 300m above sea level.

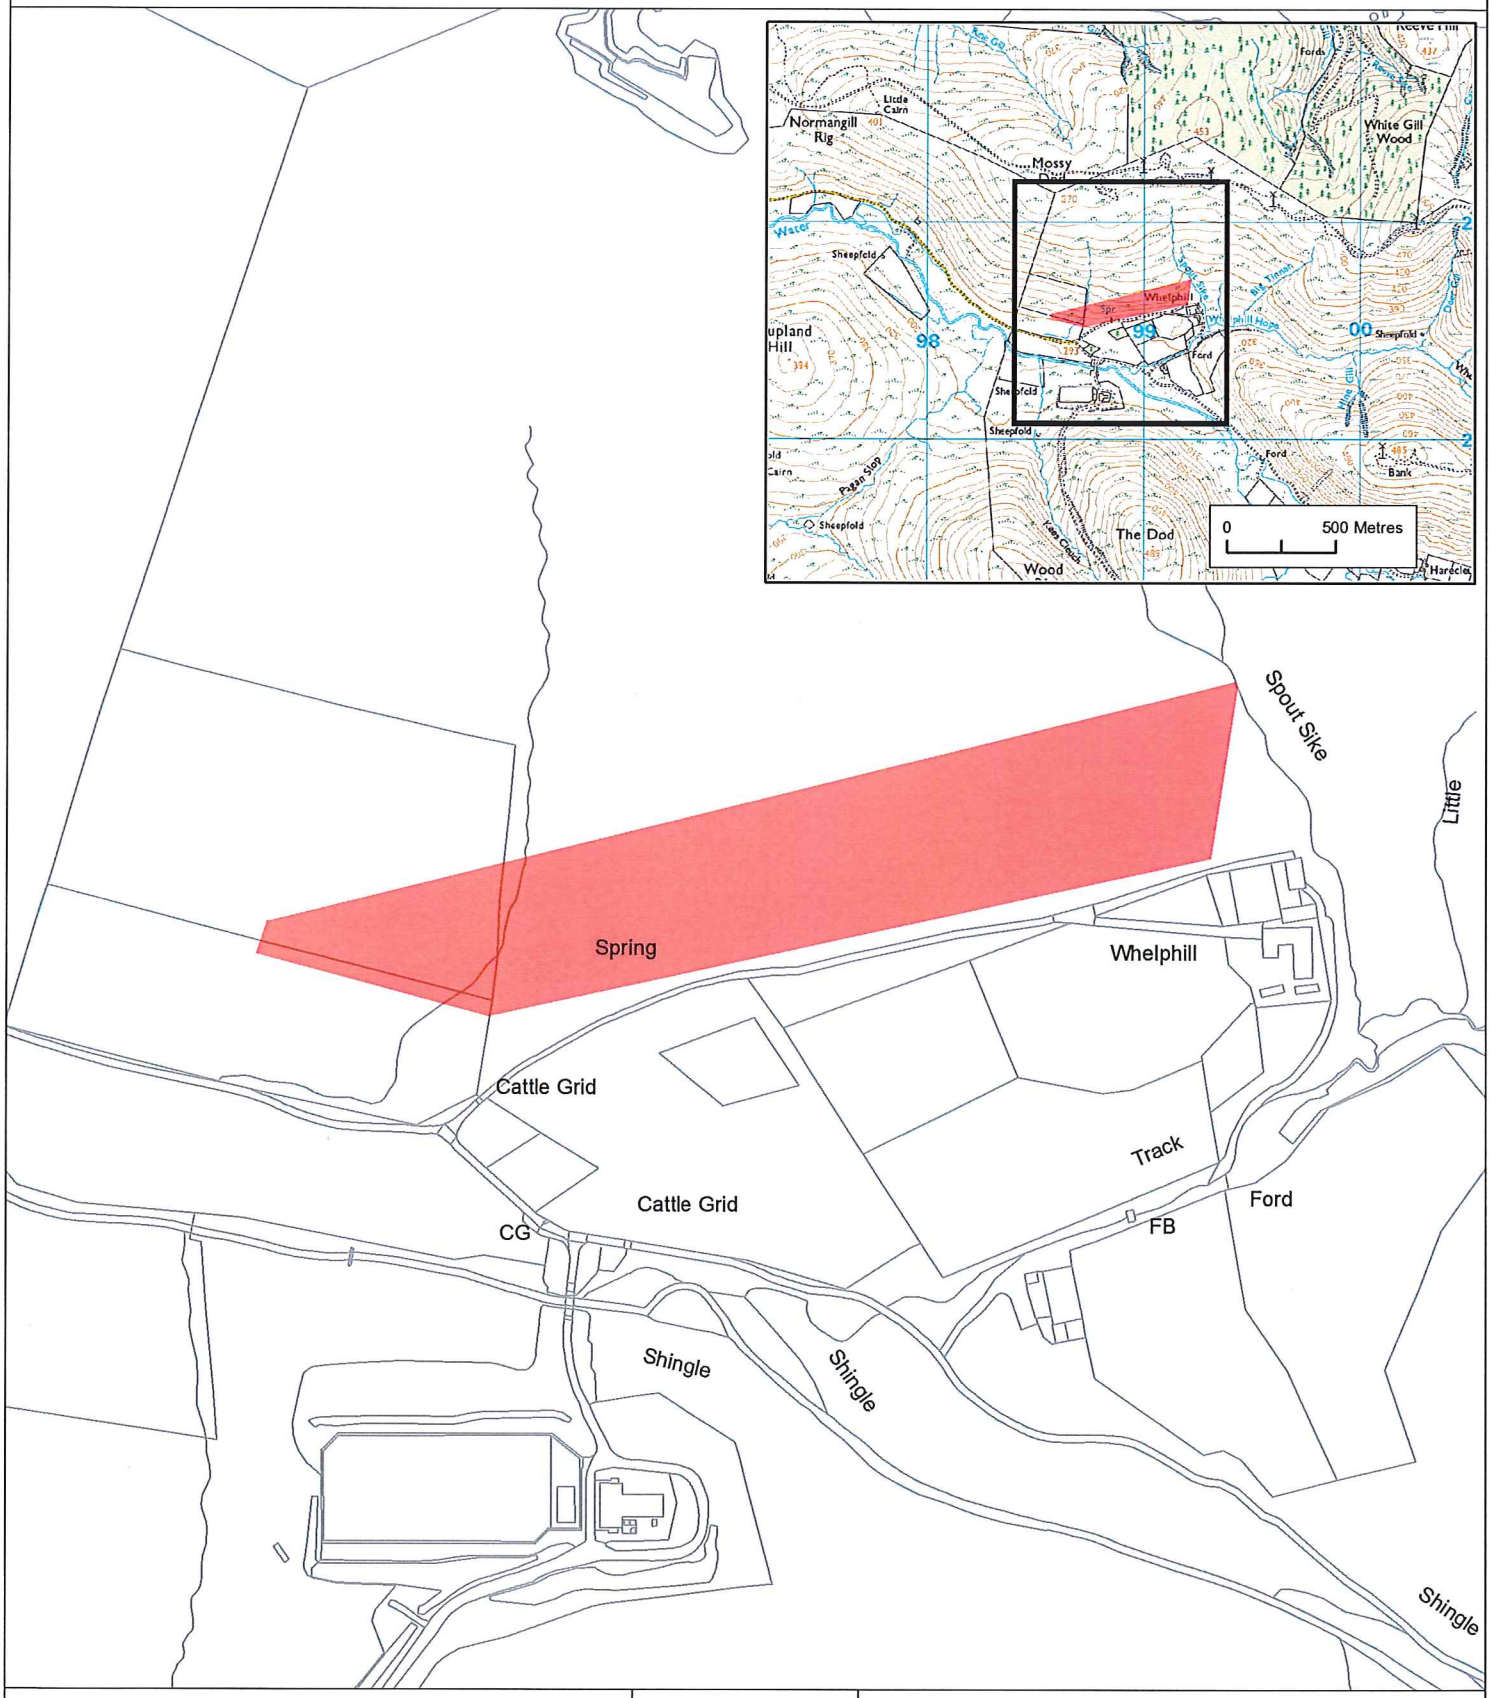

The scheduled area is irregular on plan to include the remains described above and an area around in which evidence for the monuments construction, use and abandonment is expected to survive. The scheduling specifically excludes the above-ground elements of all modern boundary walls and modern fences.

The monument, which lies in the Parish of Crawford and the County of Lanark as shown in red on the plan annexed and executed as relative hereto.

This entry supersedes the Entry in the Schedule of Monuments for the monument known then as **Whelphill, platform settlements W and NW of** as referred to in the Entry in the Schedule of Monuments by the Secretary of State for Scotland in respect of the monument dated 6 July 1988 and recorded in the General Register of Sasines for the County of Lanark on 23 August 1988.
