The Ancient Monuments and Archaeological Areas Act 1979

Amended entry in the schedule of monuments

Historic Environment Scotland in exercise of the powers conferred on it by section 1(1) of the Ancient Monuments and Archaeological Areas Act 1979 hereby amends the entry in the statutory schedule of monuments as set out below.

The monument known as **Hempriggs, broch 200m S of** comprises a broch, a complex stone-built substantial roundhouse, dating to the Iron Age (between 600 BC and AD 400). The broch is visible as a grass covered stony mound on top of a larger mounded feature likely to contain associated archaeological remains. The broch is located on relatively flat coastal land adjacent to a water course and it stands at approximately 45m above sea level.

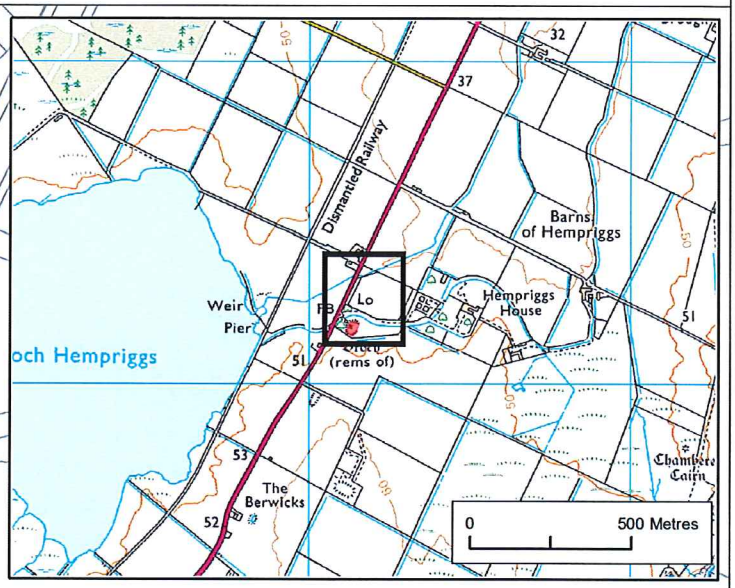

The scheduled area is polygonal on plan, centred on the broch, to include the remains described above and an area around them within which evidence relating to the monument's construction, use and abandonment is expected to survive.

The monument, which lies in the Parish of Wick and the County of Caithness as shown in red on the plan annexed and executed as relative hereto.

This entry supersedes the Entry in the Schedule of Monuments for the monument known then as **Broch, Hempriggs House Lodge** as referred to in the Certificate of Service of Notice by the Commissioners of His Majesty's Works and Public Buildings in respect of the monument dated 3 November 1938 and recorded in the General Register of Sasines for the County of Caithness on 16 November 1938.

Dated: 10 / 11 / 2016
